

City to Observe Fire Service Day Saturday

THEN—This hose wagon was one of the first pieces of fire equipment purchased by Daly City in 1909. The first force, the Vista Grande

Volunteer Fire department, used to come running with their buckets when the alarm was sounded. (Fire Department Photo)

Open House, Display Planned by Firemen

"Fire!"
Fifty years ago this word instilled a deadly fear in the hearts of approximately 500 residents who lived in Daly City.

The tinderbox shacks and tents that covered the slopes of John Daly's dairy farm were lit by candles and fire could spread like lightning if it were not controlled quickly.

Although fire is still a frightening word, the fear is not as great to the community today because of the efficiency and skill of today's fire department.

Fire Service Day will be observed Saturday so that residents can get a better look at the service provided them by the Daly City Fire Department.

A demonstration of apparatus and equipment will be held in the south parking lot of the Westlake Shopping center from 10 a.m. to 2 p.m. Firemen will be on hand to explain the latest in fire techniques and equipment.

A demonstration also will be held in the St. Francis Square Shopping center Saturday.

The city's three stations will hold open house from 9 a.m. to 4 p.m. They are the 191 Edgemont drive.

THE FIRE department has come a long

way since the Vista Grande Volunteer Fire department the community's first, was organized August 2, 1907.

It was only the second public group formed in a community then known as Vista Grande.

There were 30 men in the first volunteer fire department, which served a critical need in the community.

The first fire alarm system consisted of large cast iron bells at various street intersections. When there was a fire, someone would ring the bell and the volunteers would grab their buckets.

The department became mechanized in 1909 when a hose wagon and a chemical wagon were purchased.

Now the department has up-to-date equipment, most of which will be on display during Fire Service Day.

IN 1949, the board of fire commissioners recommended that the city organize a regular paid fire department, which would be supplemented by volunteers.

The recommendation was made because of (Please See Page 2, Col. 6)

NOW—Erv Kessler, on top of truck, and Tom Smith shine up the newest fire truck of the Daly City Fire Department in preparation of Fire Service Day Saturday. Open house is planned at each of the three firehouses and a display is scheduled on the south parking lot of the Westlake Shopping Center. (Post-Times Photo)

Cow Palace Stands Fast On Opposition to Annex

FOR PACIFICA

Official Says Master Plan Badly Needed

By LOIS McNALLY

In last week's hot debate over a proposed trailer park in southeastern Pacifica, city councilmen lost sight of the real issue: need for master planning the development of this and other lands just annexed to the city.

This is the feeling of Planning Commission Chairman James Fox and Commissioner Al Rosenberg who sat in on last week's city council meeting.

Pacifica Planning commission had previously denied the application for the trailer park, but, the planning commissioners said, their reasoning was lost in the shuffle amid all the arguing about trailer living.

The Planning Commission wants the land zoned "planned community," says Fox; so that a complete study and plan can be drawn up for the development of the area as a whole.

"It may be when everything is thought out, a trailer park would be a good thing for this valley," Fox believes. "This valley should be an integrated development like Little Oyster Bay."

The land in question has been called the most beautiful in Pacifica. The 400-acre parcel, lying just east of Linda Mar valley is owned by Frank Maestri and was recently annexed to the city.

The valley is surrounded by steep hillsides. San Pedro creek flows through it. Protected from the ocean fog and wind, it is often said to have the best weather in Pacifica.

Owner Frank Maestri wants to put a mobile home park on the 40-acre floor of the valley with box-like trailers in straight rows, equipped with streets and concrete patios.

He says the hillside area will be developed later into estate-type homes.

Objecting to this plan last week were a dozen or so Linda Mar residents who own homes on nearby Crespi drive, Linda Mar boulevard and Rosita road.

They have said they fear the mobile home park will cheapen the quality of their community.

Support Voted
Strongly in favor of Maestri's plan at council meeting last week were several mobile home residents from Sharp Park who defended their way of living. Many said they would like to move into the new park.

Since the area has just been annexed to the city, it is not included in Pacifica's present master plan.

Commissioner Fox says the city needs a complete plan, showing how sewage, water and streets will be tied into the rest of the Linda Mar development.

He says the area needs to be integrated with the present street pattern, with St. Peter's street.

Please See Page 2, Col. 6

ALISON TRIGG
A Candidate

Miss Daly City Entry Announced

Alison Trigg of 201 South Mayfair street is the latest entrant in the annual Miss Daly City contest, sponsored by the Daly City-Colma Chamber of Commerce.

The 16-year-old Westmoor High school student is the daughter of Mr. and Mrs. Charles Berardy. She is blonde, 5-foot-six, with blue eyes. She says she's partial to skating, swimming and bowling.

Miss Trigg plans to enter Hilltop Beauty School in August.

The contest will be held in the South San Francisco Elks building on Hillside boulevard on June 5. Contest preliminaries are planned May 24.

Candidates must be from 16 to 25 years old, a resident of Daly City for at least six months, single, and never married before. Applications are available at the chamber office, 6454 Mission street.

Tickets for pageant are on sale at the office of The Post, 30 Park Plaza drive, and at the chamber office.

Contest chairman Fred Martin urges possible contestants to submit their applications early so they may arrange for early photographs and publicity.

A New Appeal Slated Against Unification Law

The attorney for 41 California school districts who are fighting the state school district unification law said today he will file an appeal as soon as possible from a decision rendered Monday day against his lawsuit.

The suit was thrown out Monday by Superior Court Judge Joseph Kares in San Francisco, who acted on the request of Assistant Attorney General Richard Mayers.

Rodney Robertson, a Menlo Park attorney who filed the suit, said an appeal will be taken as soon as the judgment is officially entered. He said an attempt will be made to take the case directly to the state supreme court, rather than to the district court of appeal.

City Officials Are Dismayed

By RON BATES

Cow Palace opposition to Daly City's annexation of Bayshore City remained unaltered after a special meeting of the board of directors Monday afternoon.

The board voted unanimously to retain its original position, disapproving of the move and expressing a desire to maintain the status quo.

The directors passed a resolution Monday asking that the Cow Palace be deleted from the territory to be annexed.

Mayor Joseph Verducci and Chamber of Commerce president Bernard "Bud" Lycett immediately expressed "disappointment" over the board's action.

Verducci said: "There is nothing for us to do but continue with the annexation proceedings as originally intended."

Board president Fred P. Cox said the directors "are not prepared to accept annexation by Daly City at the present time."

He said the board "was disturbed about learning of the annexation through the newspapers." And he added:

"I think they owed us at least the courtesy of a telephone call. When I asked a Daly City City Chamber of Commerce official why we weren't notified of the annexation he said 'we did not think you would object.'"

"That's silly," Cox said.

Verducci said the city had done everything to comply with the desires of the directors in an effort to have them withdraw their objections.

He said the directors had indicated they might be willing to withdraw the protest if the fire and police chiefs gave them letters indicating the co-operation and services they would receive from Daly City and if the mayor gave them assurances there would be no attempt to levy an admissions tax.

"Those letters were sent," Verducci said. "We even wired Leo Ryan, our legislator, to support legislation in that direction (protecting the Cow Palace from a tax) if it were pending and to initiate it if it were not. What more could we do?"

In reply to the directors' charges they weren't notified of the annexation Verducci said:

"As prescribed by law, we could not move until we received petitions from the people of Bayshore requesting the annexation."

"Once the petitions were received, however, we got in touch with them right away," he said.

The directors, on the other hand, based their original resolution of disapproval "on hearsay and rumor," Verducci said, "without bothering to contact us."

"This is serious business. That's the wrong attitude for them to take."

Chamber president Lycett said he was "surprised at the action of the board." He explained:

"The things they had against the annexation seemed to be answered last week. It doesn't seem fair that a few men living outside of the area should decide what happens here."

The council had assured the directors at the public hearing last week that it had "no power and no desire" to levy an admissions tax on the Cow Palace.

The Cow Palace was included in the annexation move to make the Daly City's boundary line with San Francisco "contiguous."

Bayshore Fire Chief Herbert Ritzmann said last week that if the Cow Palace were excluded from the annexation, it would have to contract with a fire agent for fire protection because it would be out of the jurisdictions of both San Francisco and Daly City.

RICO BENEDETTI
To Be Honored

Benedetti Will Retire

Sergeant Rico Benedetti, senior member of Daly City's police department and the city's first motorcycle policeman, will retire July 6, ending a 35-year career with the department.

He will be 65 that day, the mandatory retirement age for policemen.

The veteran officer will be honored at a testimonial dinner-dance June 1 at the House of Parties in Daly City.

Benedetti has been a Daly City resident since 1900. In his youth, he became a racing car buff and worked closely with Daly City auto dealer William Sweeney Sr. in converting old cars into racing machines.

In 1928, he joined the police department and became its first motorcycle patrolman.

Promoted to sergeant in 1940, he has served under each of Daly City's seven police chiefs.

Pacifica Proposes Land Switch With Daly City

A land swap with Daly City was proposed last week by Pacifica City Councilmen at a special meeting.

The two communities would exchange parcels on opposite sides of the Edgemar freeway and a road would be constructed from the city.

The new operation made possible by the completion of a \$2-million Pacific Telephone company building on Reina Del Mar, also will enable subscribers to dial direct to any point in the United States without the assistance of an operator.

Westlake Terrace to Pacific Manor Shopping Center.

Pacifica would get approximately 32 acres at the northern tip of the Fairmont subdivision. Pacifica City Manager Karl Baldwin said this would help straighten the extremely irregular boundary of the city which now bisects house, lots and streets.

On the west side of the freeway, a large canyon north of the former Globe Wireless property would become the boundary between the two cities.

Pacifica would cede to Daly City some 66 acres just south of Westlake Terrace, which includes a 23-acre school site reserved by the Jefferson Elementary School district.

Henry Doelger, incorporated, owner and developer of the parcels, would be required to construct the road from Westlake Terrace to Pacific Manor Shopping Center.

We Hit a High Mark!

The Post, approaching the first anniversary of its Westlake, Daly City, Pacifica edition, this week brings its readers a record 32-page edition.

This week's issue is the largest published by The Post since it launched publication May 9, 1962, according to an announcement made by Monte Dayton, operations manager.

Besides bringing Daly City, Pacifica readers comprehensive news coverage every Wednesday morning, The Post this week offers north county shoppers a bonanza of merchandise and food values in its more than 3000 column inches of local display advertising.

Numbered among The Post's major food

advertisers this week are Mayfair, Purity, Safeway and QFI stores.

Dayton reported that 66 local display ads appear in this issue — for a total of 3027 column inches.

This banner edition also includes 40 columns of classified advertising for a total of 11,760 lines, more than triple the amount run by any other weekly media serving this area.

The four categories of display, classified, legal and entertainment advertising combined give this week's issue of The Post a total of 3861 column inches of advertising — leading all other weekly newspapers distributed in this area.

By DON MILLER

OF ALL the slogans to come along in recent months, we can't think of one that has more merit than the catchy phrase coined by a dead-serious group of citizens promoting May as "Seat Belt Month" in the North County and throughout the Bay Area.

Four words make up the succinct message they have in mind: "Buckle down and survive!"

It's as simple as that. Either we Americans who have made the automobile a national way of life adopt the seat belt as we have welcomed automatic drive or we throw in the sponge on auto safety and fill our hospitals at an even faster pace — if that's possible.

Although it was all demonstrated many years ago that the seat belt is a marvelously effective, inexpensive and uncomplicated way of cutting down auto fatalities and injuries, Americans have blithely shut their eyes and shunned the belt en masse.

So united is this apathy toward a life-saving device that only three per cent of all the autos in this country are equipped with seat belts.

Yet, we merrily go on slaughtering some 40,000 of our brethren every 365 days in traffic accidents. It doesn't seem to add up.

WELL, the chairman of the traffic safety committee of the San Francisco Medical association pretty well summed it up the other day in a hair-raising speech before the Daly City Rotary club.

What Dr. William S. Cappeller had to say about the effectiveness of seat belts — and what a film he brought dramatically illustrated — left Rotarians on the edge of their own seats.

They were also left wondering just where the wife was at the moment on that shopping trip in the family car that doesn't have seat belts.

A main point of Dr. Cappeller's talk was that although we tend to believe the next screech of brakes and crash of metal certainly won't involve our car, statistically this just ain't necessarily so.

The figures say that one in every 20 motorists will be involved in a serious accident in the next five years, even though none of the 20 ever had so much as a scratched fender before.

For the 40 Rotarians who were listening to Dr. Cappeller, that meant two of them would be parties to a bad highway accident by 1968.

Even more sobering was another statistic the surgeon coolly rattled off: most fatal accidents happen within ten miles of home and at speeds LESS than 40 miles an hour.

What this means is that contrary to a sizeable segment of public opinion, it's not the open country speed demon who's running up the highway death register total but the guy around the corner who drives a half dozen miles to the ballpark or the gal across the street who motors a few blocks to the beauty parlor.

Simply, the auto fatalities are on our city streets and, Dr. Cappeller logically adds, the seat belt thus becomes even more important for that everyday driving than for the long trip.

WHY IS a seat belt so effective? We'll let Dr. Cappeller take over here and tell you in layman's terms just why:

"A car striking a stone wall at 30 miles an hour imparts several tons of force at the point of impact. This force is measured in Gs, a unit representing mass times velocity per second.

"The maximum number of Gs sustained by the front of a car in a crash is gradually lessened as metal crumbles and absorbs this force so that the tail light gets but a small fraction — if any at all.

"An occupant, however, sitting free in the driver's compartment, continues as a projectile with the same initial rate of velocity (as that of the front of the car) until he hits some immovable object — be it dashboard, windshield or the roadway.

"He is safer if he stays within his capsule (driver's compartment) and becomes, as it were, an integral part of the auto. His rate of deceleration and impact is thereby greatly reduced.

"The human body can tolerate about 48 Gs. A 30 mile an hour crash may involve over twice that amount. You and I can strap ourselves in our compartments, however, and survive most crashes that otherwise would be fatal."

And here, Dr. Cappeller states, is the crux of his case:

"With a seat belt on, the Gs in a 30 mile an hour crash can be reduced to 25, a significant survival figure."

In other words, prevent the body from continuing forward after the car has been abruptly halted and you greatly increase chances of survival or of escaping what some would consider worse than death — a life-long disability.

Safety officials say that if seat belts did nothing but keep motorists from popping out of their cars in a collision, some 5000 of those 40,000 yearly deaths wouldn't occur.

Seat belts, they state, would cut all auto fatalities by some 10,000. They would lessen the injuries to 1.5-million of the 2.5-million Americans injured in highway crashes each year.

Well, it seems to us that this is pretty convincing evidence. In short, the worry over that wrinkle in the dress or the sport car that a seat belt might cause is a woefully paltry consideration when balanced against a human life.

As Dr. Cappeller told the Rotarians: "Tell your wife it's better to arrive with a wrinkle than with the same dress soaked with blood."

MORE APATHY . . . Seat belts aren't the only target of misguided public apathy these days. There's a war going on in Sacramento this week that points up a different brand of public disinterest.

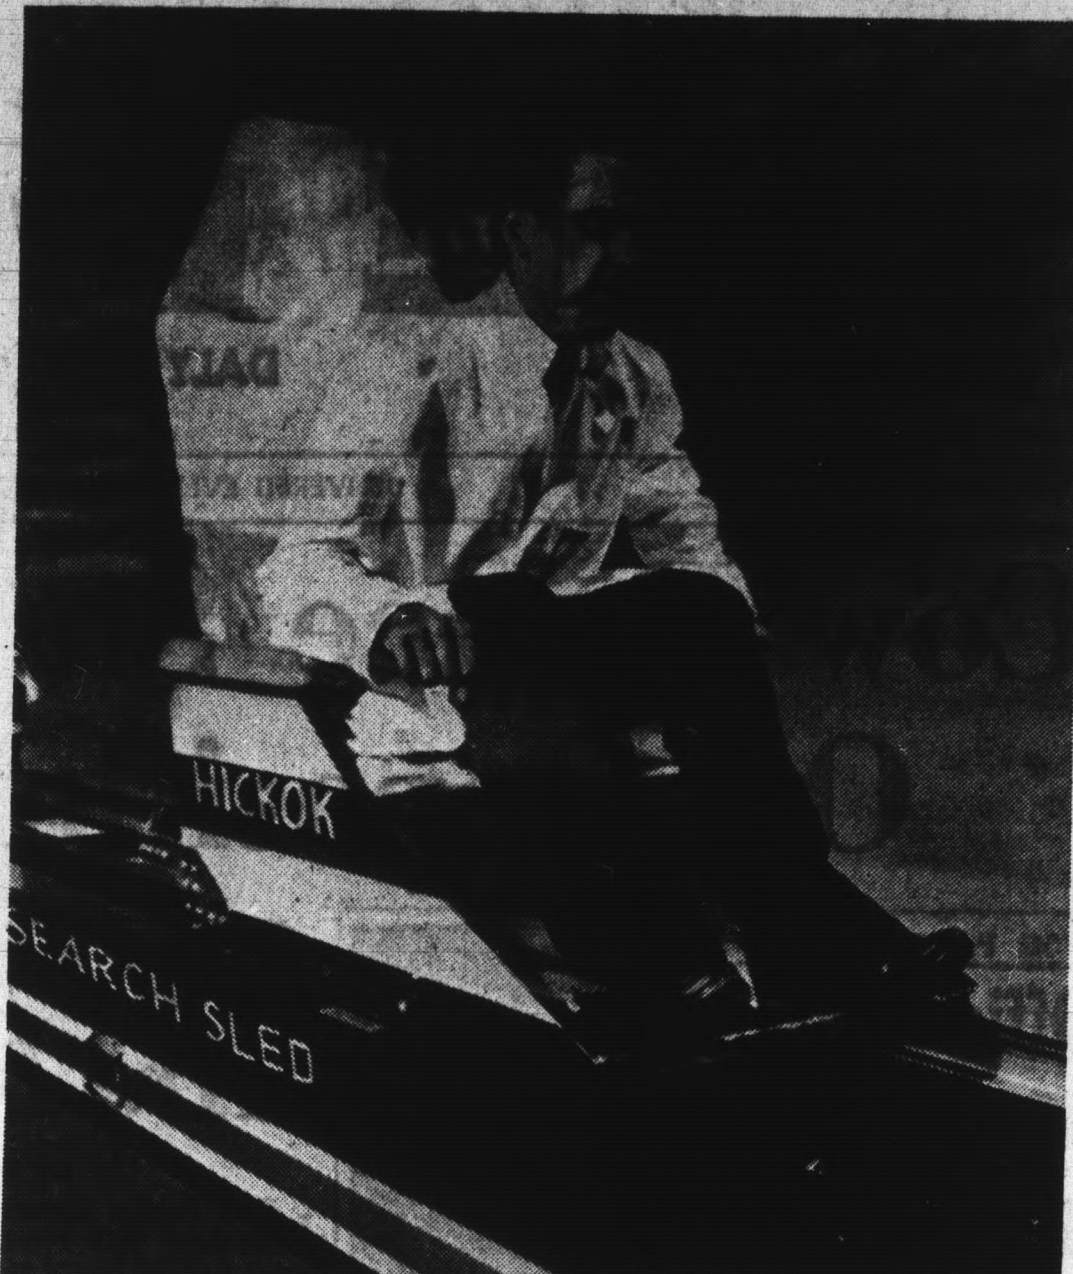

It's the battle in the Legislature over that sand on the ocean floor, just outside the Golden Gate bridge. A contractor wants to dredge the area for fill material to be used to reduce — even further — our shrinking San Francisco Bay shoreline.

The aspect we can't quite fathom is that the public, which stands to gain the most from a scenic and AMPLE San Francisco Bay, doesn't seem to notice a bit more of the water disappear each week as they hurtle along the freeways that hug the bay shoreline here and there.

Perhaps they do but like the people who can't grasp the message of seat belts, they fail to see the ramifications of all this filling in.

One group that does is the Save San Francisco Bay association — a determined band right in the thick of the Sacramento skirmishing. As we see it, the association deserves more support — and less apathy.

How a Life Could Be Saved

ABRUPT STOP—The life-saving quality of auto seat belts is demonstrated here by a specialist for the American Safety Equipment corporation on a test sled. Demonstrations on the sled, using a 201-pound anthropometric dummy, will be held from 11 a.m. to 4 p.m., Saturday in the Westlake Shopping center mall.

Seat Belt Month Decreed

Seat Belt Month in Daly City began today.

The campaign to promote the installation of more of the life-saving devices was officially proclaimed last week by Mayor Joseph Verducci at a meeting of the Daly City Rotary club.

Vinton Stratton, club president, announced that the club would — as a public service project — promote Seat Belt Month and the use of seat belts through various club activities throughout the month.

A highlight of the month's observance will be dramatic demonstrations of the safe-stopping power of seat belts from 11 a.m. to 4 p.m. Saturday in the Westlake Shopping center mall.

The demonstration will be a part of the Westlake Vacation and Travel show in the

center, starting today and continuing through Saturday.

A deceleration sled of the American Safety Equipment corporation will be used in the demonstration.

The sled, running on tracks, will reach a speed of 35 miles an hour in three fifths of a second before stopping in a distance of eight inches.

The sled can be instrumented to test loads on the belts used as well as on dummy or human riders.

At last week's Rotary meeting, members heard a talk on traffic accidents and the value of seat belts by Dr. William Cappeller, chairman of the traffic safety committee of the San Francisco Medical association.

Dr. Cappeller ended his talk by presenting a 10-minute film on how seat belts save lives and reduce traffic injuries.

Thieves Take Joyride(?) in Trash Truck

People buy old hearses and ambulances to travel in but last week someone found a unique way to get to San Francisco from Pacifica: via a stolen garbage truck.

A partly loaded Coastside Scavenger truck taken from the Linda Mar Shopping center parking lot where it was parked Friday night, was found by San Francisco police Sunday morning under the freeway at 15th and Bryant streets.

The garbage truck was missed at 4 a.m. Saturday. Its early detection by San Francisco police was due to several calls complaining of strong, unpleasant odors.

Coastside Scavenger company owner Mario Torrigino who brought the truck back to Pacifica said there was no damage and nothing missing from the truck and guessed it had been taken for a "joyride."

Joyride?

Councilmen Busy In Special Meets

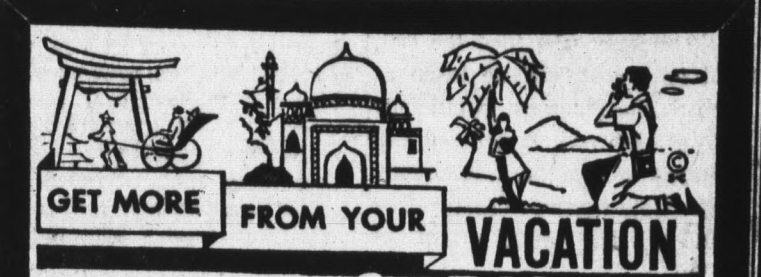

Pacifica City Councilmen who recently cut out their semi-monthly Wednesday evening study sessions are carrying on, instead, a full schedule of special meetings.

This week they were scheduled to meet four evenings: Monday in personnel session to appoint a new member to the Personnel Advisory Board; Tuesday with the Planning Commission on the proposed Wednesday with members of the citizens' police and fire commission study committee and Friday again with Planning Commission members on the proposed Linda Mar trailer park.

Golf Tourney Is Tomorrow

Nearly 200 contestants are expected to match skills tomorrow in the eighth annual golf tournament of the Daly City - Colma Chamber of Commerce at the Lake Merced Golf and Country club.

Starting times will be on a first come basis from 8 a.m. to 2 p.m. The tournament will conclude with a roast beef dinner and the awarding of prizes.

Fire Service Day Noted

(Continued from Page 1)
the growth of the city and the poor response of volunteers during daylight hours.

Competitive examinations were held and five firemen and a fire chief, J. E. Kennedy, were hired on a full-time basis.

After twelve years, only one of these five, Henry Weisner, has left the department. Weisner moved to the building inspector's office where he is chief electrical inspector.

The others are Mel Hanson, Frank Specht, George DeBono and Wayne Alexander.

Kennedy, who was born on Mission street in Daly City, came into the department in 1928 as a volunteer. He worked his way up through the ranks to become chief in 1946.

Daly City still has two volunteer companies of firemen who answer alarms and assist regulars in times of emergency. A blast of air horns, located near City Hall and the central fire station, alerts the volunteers.

WHEN THE department was organized, headquarters were located at what is now Station Two. The central station was occupied August, 1964, and the newest station, Five, was occupied April 10, 1960.

The original company of five has expanded to 42 and recent competitive examinations may increase this number.

The volunteer companies drill for two periods each Monday except the first Monday night of the month when they attend a general meeting.

Each new recruit entering the on-call company is required to attend a 20-hour indoctrination class and a 20-hour first aid course during his probationary period. They receive compensation for attending emergencies and drills.

One of the areas upon which the department has placed emphasis is fire prevention. At least once a year a fire prevention week is held, with demonstrations, exhibitions and contests at the schools.

Master Plan Badly Needed

(Continued from Page 1)
trance to the valley and with the new Oddstad developments.

The location of schools, if needed, should be determined, Fox points out.

Pacifica's Planning commission wants a complete study made of the southeastern undeveloped area of Pacifica.

Mostly Hillside
Mostly hillside, it includes some 2380 acres lying east of the present limits of development, south of the proposed 229 Freeway, and west of the proposed Skyline Parkway.

Edward Robinson of Hahn and Wise, the city's planning consultants, had started such a study when further expenditures by his firm for the city were cut off by the city council.

According to planner Robinson, an over-all survey is needed to clarify and develop policies regarding the use of hillside land for homes.

Benedetti to End a Career

Deaths

STEPHEN W. BRYANT

Funeral services for Stephen W. Bryant, 370 Second avenue, Colma, were held last week by the W. C. Lasswell chapel.

A native of Texas, he had lived in Colma for the past 23 years.

Survivors include his wife Alva, his children, Willie E., Lonnie E. and Foy E. Bryant and Mrs. Gloria Petrocchi, his brothers, Ed and Jim Bryant, and his sisters Mary Thielapap, Manda Walker and Dora Palmquest.

Interment was in Sacramento.

LOUIS SPEDIACCI

Funeral services were held last week by the W. C. Lasswell chapel for Louis Spediacci, 4 Woodside avenue, Daly City.

He was a veteran of World War II and a member of Milk Drivers Union Local 226.

He is survived by his wife, Lida, and his children, Cary and Bruce Spediacci. Interment was in Golden Gate National cemetery.

LLOYD SCHULER

Funeral services for Lloyd N. Schuler, 86 Los Olivos avenue, Daly City, were held by the W. C. Lasswell chapel.

A native of San Francisco, he was a member of Milkdrivers Union Local 226.

He is survived by his wife, Lillian, his children, Mary Jane, Roy Hart and Mrs. Mae O'Rourke, and his sister, Mrs. Grace Giesman. Interment was in Cypress Lawn cemetery in Colma.

ROBERT R. BABER

Funeral services for Robert R. Baber, 121 Westlake avenue, Daly City, were held by the W. C. Lasswell chapel.

A native of San Francisco, he was a member of Painters Union Local 1158. He is survived by his wife, Madge E. Baber, and his brother, Jack Baber.

ELMER M. BERNARD

Funeral services for Elmer M. Bernard, 244 Citrus avenue, Daly City, were held last week by the W. C. Lasswell chapel.

He was a member of the Automotive Warehouseman's Union Local 241.

Survivors include his children Mervin, Gary and Larry Bernard, and his brother, Norman. He was buried in Cypress Lawn.

Sanitation

Unit Mulls Second Line

Construction of a portion of combination sewer and storm drain from the North San Mateo county sanitation district plant in Daly City to the proposed submarine outfall line at Thornton Beach has been discussed by the board of directors.

The new line, to parallel an existing 18-inch portion of the line, was proposed to increase the capacity because of expanding population.

The 18-inch line is "seriously overloaded" at the present time, according to Richard Aberley, project engineer for Brown and Caldwell engineers.

The effluent sewer is considered part of the proposed submarine outfall line. A report on it must be submitted to the water pollution control board by May 1.

The board considered the use of television to inspect the existing line to see if it is in good enough condition to utilize as part of the plan to increase the capacity.

The cost of the inspection, however, would be approximately \$2500 and the board felt the money would be spent better if it were put into a larger parallel line.

The present line is approximately 60 years old, plant operator Larry Guiffra said.

The board authorized Brown and Caldwell to draw up preliminary plans and specifications for the parallel line.

In other action relating to the submarine outfall, Mel Battye reported on efforts to obtain insurance to cover the construction of the outfall line in the Lake Merced storm tunnel.

San Francisco is asking a \$2 million care and custody policy from the district while it uses the facility.

The district plans to have segments of the 2500-foot line connected, shoved back into the Lake Merced storm tunnel and then towed into the ocean in one piece.

This method of construction is expected to save the district approximately \$50,000, Aberley estimated.

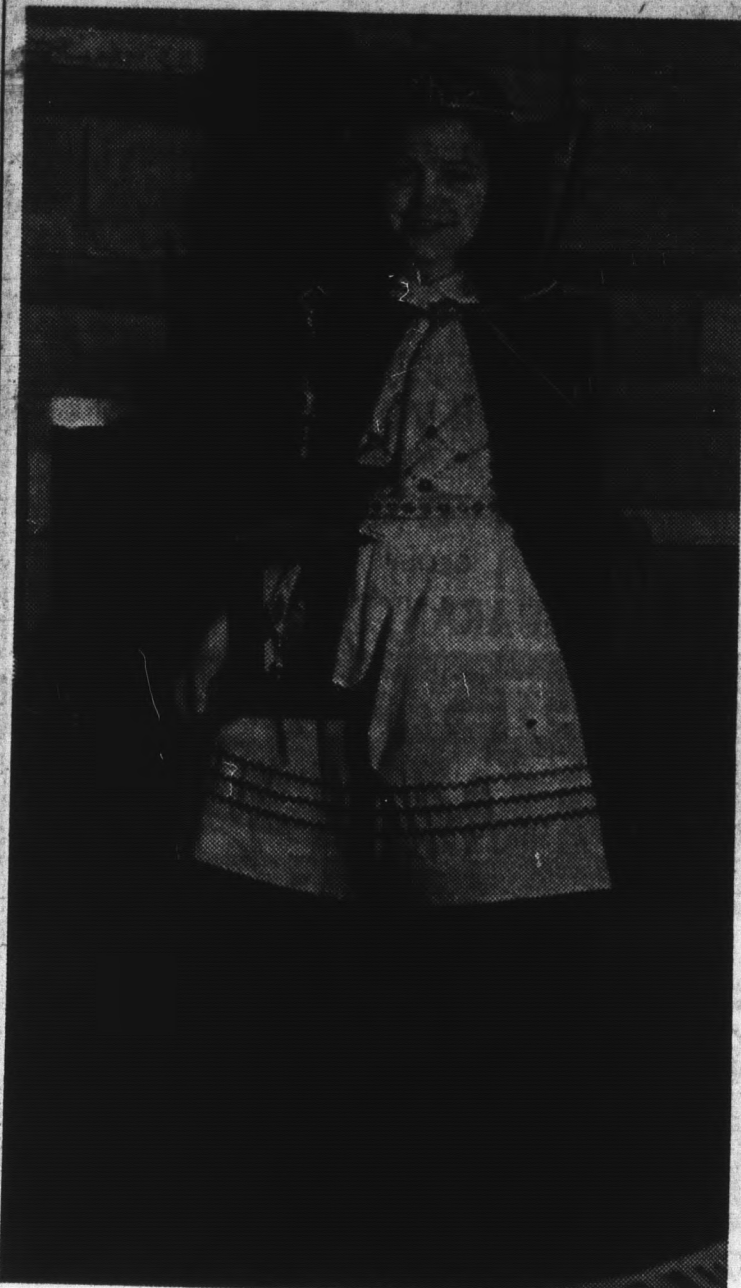

San Francisco also required the contractor, Oscar C. Holmes Construction company, to take out a \$500,000 bodily injury policy.

Battye said the coverage will probably be obtained from Lloyds of London.

The district also turned down, on Brown and Caldwell's recommendation, the contractor's suggestion of a different method of anchorage of the outfall line.

Holmes recommended that a heavy chain, with links weighing over 60 pounds each, be used. The firm said the method of installation would be made much simpler and would be a saving to the district in costs.

MOTHER'S DAY WEEKEND

Pacifica Plans Arts Festival

From nursery school to senior citizen, all Pacifica artists and potential artists will be displaying their talents in the city's first all-community Arts Festival, May 11-12.

Otis Strong, chairman of the sponsoring Pacifica Art Guild says there will be exhibits of paintings from north to south in all the shopping centers.

At Pacific Manor Shopping Center, tiny tots from the Pacifica Co-operative Nursery School will set up their easels and demonstrate their own special techniques in finger painting.

Artists' groups from around the Bay Area have been invited to exhibit. Members of the San Bruno art group and the Thirty-and-One Artists of San Mateo have already accepted the invitation.

Vallemar section of Pacifica will host a special sculpturing exhibit, says Strong, with some ceramics and lapidary work on display.

American Association of University Women is arranging for an exhibit of grade school art by Laguna pupils, and the Native Sons and Daughters are sponsoring a high school art display.

Saturday evening, May 11, the local dramatic society, Pacifica Players, and the Pacifica Community Chorus will present a special performance.

Sunday evenings, church members of various denominations will participate in a special musical vespers service at the First Baptist church. Chairman Strong says he is hoping to arrange for a "real old-fashioned" band concert by one of the high school bands Sunday afternoon at Oddstad Park.

Board's Role To Be Aired

The role of the school board in education will be the topic at a Olympia P-TA Parent Enrichment program, at 10 this morning in room 4 of Olympia school.

Thomas F. Noonan, chairman of the Jefferson Elementary School Board of Trustees, will be the discussion leader. Mrs. Robert Barr is program chairman.

THEFT REPORTED

John C. Ayers, 115 South Mayfair drive, reported to Daly City police last week that a purse with \$15 and a Masonic ring had been stolen from his car, parked in front of his home. He estimated his loss at \$103.

Coast's DUKW Finally May Get Contract

A proposed contract for the use of the ancient DUKW on emergency rescue work has been prepared by Pacifica city officials.

The contract, which calls for the use of the World War II amphibious truck within a three-mile limit of the city for protecting and saving lives, was presented to Pacifica City Council last week for approval.

Coast Fireworks Are Fizzling Now

Pacifica City Councilmen withdrew from the battle of "Red Star vs. Red Devil" this week, resigning themselves to the fizzling out of the city's co-ordinated fireworks endeavor.

The latest split among six community organizations licensed to sell fireworks occurred over the choice of a joint supplier.

Members of the Moose Lodge and Manor Village Improvement Club were adamant in their decision to stick with "Red Devil" whose sales pitch was, in their opinion, far superior to "Red Star," the fireworks supplier chosen by the four other groups.

City Councilmen decided last week not to interfere with the granting of licenses to the quarreling organizations, refusing to arbitrate the dispute any further.

Loser in the argument may be the citizens of Pacifica since the object of a co-ordinated effort and purchase was to obtain a free public display on the Fourth of July.

This may not matter, however, since last year it was so foggy nobody could see the display.

Emmet Nannery of the Manor Village Improvement club said this week that his group and the Moose Lodge would be willing to contribute \$50 or one per cent of their profits from the sale of fireworks toward the cost of a public display.

'Diamonds' Displayed

They're Just Replicas

Want to see what \$20 million in diamonds would look like if they were real?

Westlake Jewelers in the Westlake Shopping Center is displaying an exhibit of replicas of some of the world's most famous diamonds in conjunction with their seventh anniversary sale.

In the picture above, Lina Papes of the jeweler's staff holds some of the replicas.

Included are the Hope diamond, the 125-carat Tiffany diamond, the 280-carat Great Mogul, the 237-carat Jubilee and a replica of the largest diamond ever found—3106 carats—

from which the famed Cullinan diamonds were cut.

Each of the replicas is a hand cut crystal duplicate, cut to perfection in the exact size and color as the genuine thing.

Total value of the replicas is estimated at \$2310.

The exhibit is being sent to jewelers throughout the country by a diamond promotion agency in New York City.

In conjunction with the display, pamphlets describing the history of diamonds will be available.

New Firm to Relocate in Crocker Park

The San Francisco division of Admiral Corp. will move its Northern California headquarters, sales office and distributing facilities to a new location in Crocker Industrial Park, General Manager F. D. Neer of San Francisco announced last week.

Work has begun on the 32,000 square foot structure located at 280 Valley drive in the \$25,000,000 Crocker park just south of the Cow Palace.

The new building will house sales offices and a warehouse which accommodates the parts and service departments and display rooms for a wide range of appliances and electronics equipment.

Admiral joins a distinguished family of national and regional firms already located in the three-year-old industrial park, including Dohrmann Hotel Supply Co., B. F. Goodrich Co., Michelin Tire Corp., Wollis Sales Corp., Western Asbestos Co., The Stanley Works, Cooper Tire & Rubber Co., The Hockwald Co., The Crane Co., The A. J. Gieseler Co., Inc. and the publishing firm of Holt, Rinehart and Winston, Inc.

The building will be owned by Crocker Land Co., developers of the 250-acre park, and occupied by Admiral on a long-term lease basis, according to Russell C. Jordan, industrial leasing manager for Crocker. Completion is scheduled for August 1, Jordan said.

Admiral Corp. is making the move as the result of a need for expanded and convenient facilities making possible new and modern display rooms and an expansion of the parts and service departments for greater efficiency, according to Neer. Some 35 employees will be involved in the move.

The firm's facilities are now located at 486 Beach street, San Francisco. They have been housed there for 10 years.

Coast GOP to Meet Friday

The Pacifica Republican assembly will hear a discussion of the proposed redistricting of supervisory districts of San Mateo county at a meeting at 8 p.m. Friday in Vallenar school. A question and answer period will be conducted after the discussion. A business meeting also is planned.

TOOLS STOLEN
John D. Mitchell of 459 Niantic avenue reported to Daly City police last week the theft of an electric drill and a paint sprayer from his home. He valued the items at \$50.

Cow Palace Attendance Sets Record

A record-breaking one-and-three-quarter million people brought attendance figures to a new high at the Cow Palace for the year ending April 15, 1963, according to Fred P. Cox, president.

Cox also revealed that a quarter of a million cars were clocked into the parking lot during the same period. Tabulations cover 26 different kinds of events and 159 show days, which took place during 1962-1963.

Based on a projected estimate, Cow Palace officials are preparing to welcome some 1,800,000 visitors to the gigantic livestock and exposition - convention buildings during 1963.

"The Cow Palace is becoming an increasingly valuable facility in regard to the varieties of events and sizes of audiences to which it is capable of catering. We look forward with great anticipation to the start of our proposed \$3,044,565 expansion program, which will provide much-needed space and make the Cow Palace the largest facility of its kind west of Chicago," stated Cox.

Firm Promotes D. C. Executive

Laurence V. Rosa, 142 Palisades drive, Daly City, a 13-year employee, has been named treasurer of the E. H. Edwards company in South San Francisco and elected a member of the company's board of directors, according to an announcement by Sterling Edwards, president.

Rosa had served as assistant treasurer for the past five years.

Dividend Declared

A regular quarterly dividend of 50 cents a share on Bank of America National Trust and Savings association capital stock has been declared by the bank's board of directors.

The dividend, which is at the annual rate of \$2 per share, is payable May 31 to shareholders of record May 3.

TEEN-AGERS WARNED

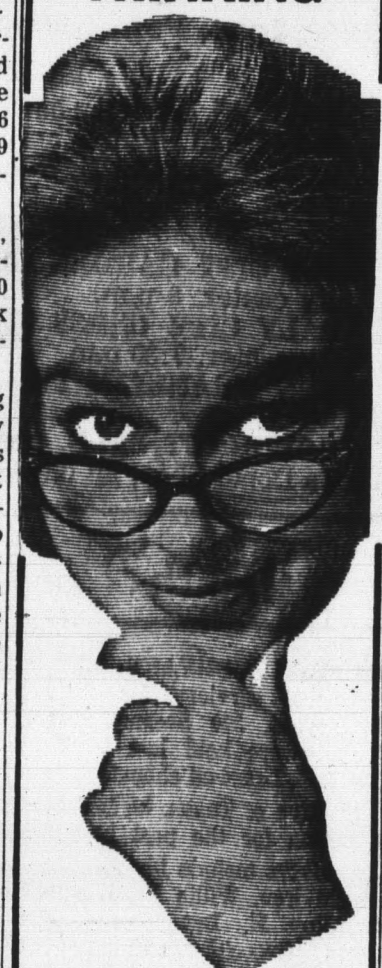

Twelve teen-agers in two cars last week were warned by Daly City police against throwing water-filled balloons at pedestrians and autos. Police seized the youths on Mission street and released them after a stern lecture.

Westlake Art Show Entry

MRS. BERNICE HUGGARD of 124 Brook-lawn avenue Daly City, gets painting ready for Fifth Annual Westlake Art Fair in the mall of Westlake Shopping Center May 15 through 18. Mrs. Huggard was a double award winner at last year's Fair. She was the first woman to hang pictures in the Tokyo National Art Gallery in Ueno Park where she

exhibited an American interpretation of the famous Buddha in Kamakura and a self portrait. Locally, Mrs. Huggard has studied with Maria von Riddlestein, Joseph Bennett and at the Thomas Leighton School of Art. Applications to enter the fair are now being taken at Seymour's of Westlake, 311 South Mayfair avenue.

Vacation, Travel Show Starts Today

Westlake Shopping center's annual Vacation and Travel show in the center's mall begins today and continues through Saturday.

The show features the colorful world of travel: places to go, ways to get there, and equipment for swimming, surfing, boating, skindiving, water skiing, fishing, hunting, golfing, camping, safe travelling —and relaxing once you're there.

Action in the show spotlights Joey Rey, popular golf pro from Harding Park Municipal Golf course, and a group of top junior golfers who will demonstrate shots in the Westlake mall at 7:30 p.m. Friday and 2:30 p.m. Saturday.

Long-Standing Dream Comes True in Opening of Bank

A long-standing dream by a group of Daly City businessmen to open a home-owned and home-operated commercial bank will materialize Friday when the First National Bank of Daly City begins operations at 150 San Pedro road.

The bank's quarters at first will be temporary until a new building is erected at Vista Grande and Mission streets.

The new building and land are expected to cost some \$350,000.

Backers of the new bank reported earlier this year that a stock offering of \$1,000,200, made available last November, had been oversubscribed. About 400 persons, most of them from Daly

City-Colma, own 90 per cent of the stock.

The bank will be headed by John Varni, a veteran of 35 years in the banking business. He'll serve as president.

Directors include Harry C. Curusis, Ricco Lagomarsino, Elton McGraw, Gerald Mincher, Lawrence Vannucci and Varni.

While operating out of its temporary location, the bank will offer a complete line of services, Varni said.

William Hawkins, 1364 Southgate drive, Daly City, reported to Daly City police last week that vandals had thrown a rock through a window of his home.

A Mayoral Proclamation

PROCLAMATION—Daly City Mayor Joseph Verducci, left, holds a proclamation he delivered before the Rotary club last week in which he declared May as "Seat Belt Month" in Daly City. Looking on are City Attorney

Paul Hupf, center, and Dr. Williams S. Cappeller, an orthopedic surgeon who spoke to Rotarians on the life-saving advantages of seat belts.

College Plan Is Delayed

Conflicting reports concerning the need for a state college in San Mateo county so baffled the committee meeting of the state co-ordinating council for higher education last week in Los Angeles that a delay was reported for further evaluation.

The state council's own report tended to downgrade the immediate need for a state college here but Dr. Glenn Dumke, chancellor of the state college system and his committee, took the opposite view.

Dr. Dumke recommended in a letter the immediate acquisition of a site in the San Mateo-Redwood City area for the San Mateo state college reported Assemblyman Carl Britschgi (R-Redwood City) who attended the meeting with State Sen. Richard Dolwig and Assemblyman Leo Ryan (D-S.S.F.).

Dr. Dumke's report noted flatly that even with the 12,000 capacity San Francisco State college and 17,000 capacity San Jose State college there is a vital need for a state college in San Mateo.

Belmont Land The offer of 100 acres of Belmont tidelands property for a state college was made at a meeting by Lee Ham of Wilsey,

Ham and Blair, representing the owner Richard Grant.

Ham was introduced by Sen. Dolwig who has been a strong supporter of the state college bill here. The tidelands is located in an accessible area between the Ralston avenue overpass and the Holly avenue overpass in San Carlos. The total site is 200 acres with 100 to be purchased after the donation.

Dr. Arthur J. Hall of the state college staff presented the facts and figures to back up the chancellor's position for a state college. These figures were assailed by staff members of the co-ordinating council who stated that there was no need for action until 1975.

Because of a new state program the site would be acquired prior to the appointment of a staff. Now a staff is set up for a state college and then the school is operated in surplus buildings. "Now they want the school there first before they open the doors," said Britschgi.

Findings The committee had planned to report back to the co-ordinating council their findings at Tuesday's meeting in the Stanford board room, Pacific Mutual build-

ing, California and Kearney streets, San Francisco.

"Because of the delay on the report I have asked that a special meeting be held in the middle of May to evaluate the situation. The time is growing short for action," said Britschgi.

Robert McCahon appeared at the meeting to urge that the college be located there but the committee made it clear that site selection was not included in their duties. McCahon offered several sites with cost estimates.

The sites ranged from 300 acres to 3500 acres. Average cost per acre ranged from \$500 an acre to \$4500 an acre.

More Winners Are Announced

Additional winners in the grand opening drawing held by the new Cable Car Casuals store in the Westlake Shopping center have been announced.

They are Mrs. Louis F. Macango of 326 North Mayfair drive, Daly City, and Mrs. Eli Needle of 81 Morningside drive, San Francisco. They won three-piece suits.

Macy's Buys D.C. Company

The Sterling Furniture company at 275 Lake Merced boulevard, Daly City, a pioneer Bay Area furniture company, has been purchased by Macy's of California.

E. L. Mulloy, president of the Macy firm, announced the acquisition.

The furniture business will be operated as a wholly owned subsidiary of Macy's.

The Sterling store will continue to operate under the Sterling name and will continue to offer home furnishings and complete decorating services.

Management of the store will be separate from that of Macy's department store operations. But both warehouse and buying facilities will be shared to allow greater operating efficiency.

CASH TAKEN

Walter Zabel of 62 Westbrook avenue, Daly City, reported to police last week that thieves had taken \$150 from a bedroom.

The Realtors Get Together

PLANNING SESSION—A group of Pacific realtors and officials of the California Real Estate association hold symbolic keys, indicating principal areas of discussion at an educational and sales conference last week in Millbrae. From left are Charles Fisher, president of the Pacifica-Coastside Board of Realtors;

Doris E. Lee, executive secretary of the board; L. H. Wilson, state association president, Arthur Tofanelli, association regional vice president and Jim Teagan, education chairman of the coast unit.

New Bank Sets Opening

The new First National Bank of Daly City will set up temporary banking facilities at 150 San Pedro road while a modern, new building is constructed, John F. Varni, president, announced today.

The new facility, which will be Daly City's first home-owned bank, expects to open for business Friday, May 3, the temporary location across the street from Holy Angels Catholic church.

Construction of the bank's permanent facility at Vista Grande and Mission streets, is expected to begin within a month, according to Varni.

Investment in property and cost of construction of the new building will be approximately \$350,000, he said. The temporary location will offer a full line of banking services while the building is being constructed, Varni added.

Approximately 400 persons, most of them from the Daly City-Colma area, own ninety per cent of the stock.

"It indicates local interest in the bank," he noted.

The bank has assets of \$1.2 million including \$800,000 in capital, \$300,000 in surplus funds.

Varni, a 35-year banking veteran, will head the bank as president. The board of directors includes Harry C. Curusis, Ricco Lagomarsino, Elton McGraw, Lawrence Vannucci and Varni.

WESTLAKE BOWL
By JIM GREALISH
SERRA BOWL
By FRED HOFFMAN

Westlake Bowl

WESTLAKE BOWLERS are eagerly looking forward to Bowling Week, which starts Sunday and closes with a bowlers' dinner-dance at the Fairmont hotel May 11. The week-long program is sponsored jointly by the San Francisco Bowling association, the San Francisco Bowling Proprietors' association, and the Brunswick corporation. It will consist of daily clinics and instruction periods, exhibitions by Brunswick bowlers, match games and the crowning of a king and queen of bowling. The local highlight of the week will be the appearance of Buzz Fazio here Saturday, May 11, at 10 a.m.

In the opening nights play of the Ladies' 650 Scratch league, Joan Giesler helped boost her average as she led the league with a 221 game and 604 series.

The Gladioli team won the A-1 Nursery Ladies' league by a close margin as Gary Snyder, Marge Thornton, Rita Decker and Carmen Lewetow accepted the congratulations of other league members. Norma Wagner and Betty Cooper took first place in the final day's sweepstakes.

Doug Heidorn's 246 game and 581 series gave him top honors in the 805 Scratch league.

One hundred pins separated the two leaders in the Southgate Mixed Fives last week as Earl Wilkins led the men with 199 and 562 while Erma Graham was the leading lady with a 196 game and 462 series.

Two 600 series were posted last Wednesday in the Westlake Classic as Rich Grant shot 229 and 606 while John Mangone posted a 222 game and 609 series.

AS THE Ball and Chain Mixed Fives entered the second week of summer play, Peggy Narducci and Keith Hearn led the way with 176-457 and 121-579.

Country Club handicap leader of the week was Chris Duff who posted a 214 game and 624 series.

Two of our daytime bowlers qualified for Women's International Bowling Congress awards during the week by shooting more than 100 pins over their averages. Lucy Good bettered her average by 117 pins in the St. Emydin league while Bernice Scanlon rolled a mere 181 pins over her average in the YWCA league.

Sea Bowl

MOST of the house tournaments are conducted in the summer months and we are planning two tournaments for our hours bowlers. The first one is set for next month and will be a single elimination match game tournament for men with 32 bowlers competing. There are two brackets in the tourney and many of the spots are filled.

In June, the girls will get a shot at the same format in their own tournament. Later on we intend to have a pre-season team event for all teams—men—women—or mixed.

A strong junior league is scheduled to take the lanes next Saturday morning for the opening date of the summer junior league season.

We are looking forward to the appearance during bowling week of Ora Mayer, one of our home town professional bowlers and the nationally renowned Buzz Fazio.

Now for a look at last week's scoring: Yawners: Beth Randall 174-502, Shirley Cole 188-496 and Alice Chernetsky 184-457. Aquanots: Connie Silvas 167-449, Lois Talbot 163-447 and Bonnie Tweedie 157-431. Mermaids: Eleanor Payne 169-430, Dolores Logan 168-418 and Robbie Ash 162-416. Moonshiners: Connie Bryant 176-490, Jackie Laton 188-479 and Bonnie Gardner 180-451. Neptune's Daughters: Marie Schledt 167-471, E. Duffy 188-456, and Joan France 168-450. Alleyholics: Lou Engelman 197-480, Barbara Buckley 192-474 and Clara Meadows 176-471. Keglerettes: Paulette Slack, 204-543, Myrtle Hazen 181-509, Thelma Corcoran 174-479 and L. Engelman 166-479.

BOAT CLUB: Charlie Humbert 187-526, Ken Sidwell 177-474, Etta Tompkins 173-468, and Dessie Hart 156-425. Wednesday Men's Handicap: Red Monroe 207-535, Morrie Bieser 184-525 and Roland Lewis 203-520. Beachcombers: Jim Gilbride 214-568, Joe Bolton 196-560, Joann Mathaus 200, Roberta Shepard 173-472 and Doris Riley 167-443. Chix and Hix: Jim Cairns 176-518, Bill Barret 172-488, Helen Kettleman 164-446 and Dorothy Frawley 145-375. Serra Bowl

THE "NEW LOOK" in leagues at Serra finds church groups bowling for charity. The Holy Rollers league, comprised of members of St. Anne's church in San Francisco, competes every Sunday night through the summer and is planning an extensive winter season in order to raise money for several church needs. This is how it works:

Ten teams bowl weekly and accumulate prize money over the season, which is returned to a worthwhile cause and is therefore fully tax deductible. This promotion of fun and togetherness is proving to be extremely profitable in many ways and surely beats selling cookies and lottery tickets door-to-door.

Jim Russell blasted a 229 high game in this loop last week to top all individual scoring. Despite Jim's 510 effort, a 48 pin handicap proved too much of an obstacle and his Team 7 dropped two out of three games to Team 9, paced by Tony Stagnaro who posted a 431 threesome.

Manny Torres led his John's Spot team to a three-game sweep over the Jets in the Sunday morning Cavedwellers league on a strong 233-560 trio.

Mavis Cotter eld the ladies in the afternoon Friarettes league with a 217-480 threesome as her team, the Swinging Four, dropped two out of three games to the Giants who used a 20-pin handicap to the best advantage.

JOHN AVANZINO SR. led the Arndt Realty company team to a 2-1 victory over California Trophy on his strong 237-603 shooting in the TGIF league last Friday evening. Frank Hamilton topped the losers with his 525 total.

Ray Conely found the range nicely last Thursday in Automotive league action as he paced the Chuck and Wally's team to a clean sweep over Pundits' with a 229-575 series. On lanes five and six, Warren Schwalka of the Boas Pontiac five, topped 225-584, but helped only to save one game from the steadier Spencer Buick boys led by Cliff Owens' 542 effort.

Recent action in the 700 Handicap loop also saw a brace of top shooting. Paul Alsop, 173 average bowling for the Gilt Edge Meat Market, paced his team to a four-game sweep over the 'Lil Village with a terrific 224-606 threesome. Dave Valine helped his Brouillard construction team to a 3-1 win over Ted and Al's on his fine 226-535 kegling.

Tigers, Rams, S.S.F. Tie for Lead

HIX HITS 3 HOMERS

Terra Nova Is Early Surprise Of NPL Season

By MILT STAUB

Surprising Terra Nova archly squeezed into equal front-rank position with pre-season favorites Westmoor and South San Francisco, as a three-way first-place tie existed among Northern Peninsula league baseballers entering their third week of play. The three schools have 2 and 0 records.

Westmoor and South City played but a single game last week as that ole debris rain washed out their scheduled titanic Friday. Last Wednesday the Rams,

expecting stout opposition from Jefferson, did not find it and trotted easily to a 10 to 3 win. Bruce Hix hammered another home run, his third in two games, but shared the spotlight with teammate Dave Williams who glistened in a superlative relief pitching effort.

Williams set down ten Indians in a row, struck out ten and tossed no-hit ball during the four and one-third innings he worked.

The warriors, facing Oceana, uncovered more opposition than expected yet, although outthit 5 to 2, capitalized on nine errors and stole a weirdie, 5 to 0.

Bob Brian's charges managed but 2 hits, both by first baseman Neil McNevin, but overall, their pitching and defense were robust and had the errors not been made, the teams could be playing still.

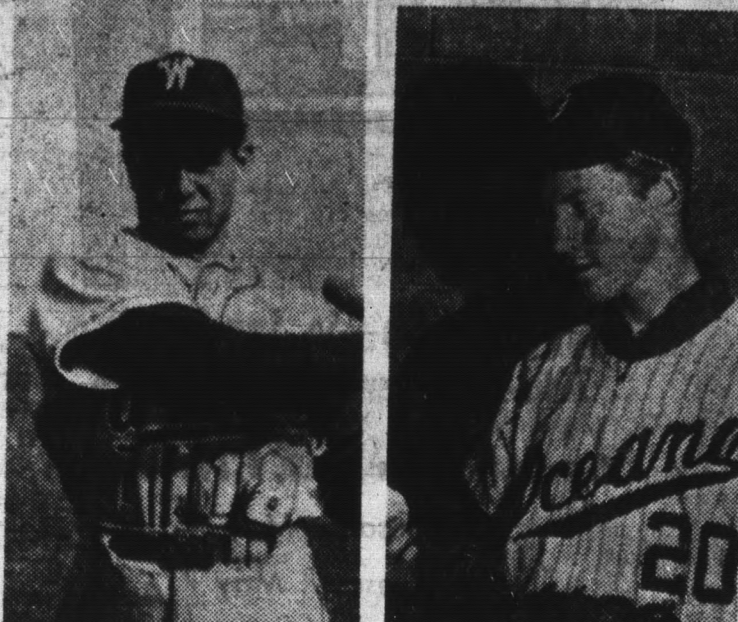

Terra Nova, after edging El Camino 4 to 3, in a eight-inning contest Wednesday, remained undefeated by downing neighboring Oceana, 6 to 2, Friday.

As was the case against South San Francisco, the Sharks again outthit their opposition but, as was also the case in that contest, inability to locate the handle proved expensive.

Oceana pitcher Ernie Brede spaced but 5 hits among the Tigers and belted a 350 foot homer to further his cause, but was betrayed by teammates' lapses.

The game was completed under protest by Shark Coach Frank Lawlor, who contested an official's ruling on a pitched ball striking a Tiger batter's hand.

Following heir one-run loss Wednesday, El Camino bounced back to capture a 4 to 3 contest from El Camino Friday. Hal Westmoreland permitted singletons to the Indians in the first three innings,

BRUCE HIX
Three Homers

ERNIE BREDE
Aids Own Cause

then spun four zeros to close the game.

Walt Harris, his guarding partner during basketball season, unloaded a go-ahead round-tripper in the fourth to put the Colts in front to stay.

This is the week of truth for Terra Nova, which hosts tough South San Francisco this afternoon and must preserve a pitcher or

two for Friday's game with Westmoor—presently, at least—Westmoor.

Other matches today find Oceana at Jefferson—settling a small matter of basement occupancy—and Westmoor going to El Camino. Friday's schedule also includes a game between Jefferson and South City at the Warriors' diamond and calls for El Camino to visit Oceana.

GIANTS STREAK ENDED

PAL Tigers Win Easter Tourney

Jim Davis struck out 12 batters in pitching the PAL Tigers to a surprise 2-1 victory over the Epiphany Giants in the final game of the Daily City Police Athletic league Easter tournament Sunday.

Davis ended an amazing Giant win streak of 33 games as he held the power-housing Epiphany team to only two hits.

The young hurler struck out three batters in the final frame to squelch a rally that began with a double by opposing pitcher Dennis Owens.

Davis struck out one batter and then loaded the bases on two walks. He pitched himself out of trouble by fanning the last two players.

The Tigers scored their first run in the first inning when Greg Agar walked, stole second and third and then came home on Terry Senn's sharp single to left.

The Tigers second run came when Duane Morin put on a one-man show in the third frame. He singled, stole second and third and then home when Giant catcher Mike Distefano overthrew to third.

The Giant's only run came in almost the same fashion in the fifth inning when Distefano singled, stole second, went to third on a sacrifice and came home when Telvis Jones overthrew third on a pick-off attempt.

Owens allowed only three hits to the Tigers, Morin's and Senn's crucial singles and a single to Nick Budea.

Davis, son of former major league pitching ace Jim Davis, struck out 17 batters in an earlier tournament contest.

The Tigers dominated the All-

CSM Golfers Beat Chabot

College of San Mateo posted its sixth straight Golden Gate conference golf win by beating Chabot College, 29-1, at the Burlingame Country club Friday.

Wagon Wheel Casserole for Meatless Meal

"The lone prairie" never saw a wagon wheel as appetizing as this one! But the cook won't hear "a discouraging word" when she serves it, either! Her chuck wagon equipment certainly should include this delightful new set of graters. It took little Denmark to send this new kitchen aid to us, along with the cream-smooth, butter-rich, tangy Danish Blue Cheese, known in Denmark as the Master Cheese. As well it might be. For to everyone who has ever tasted it, this blue cheese is a delight to the palate. The tuna fish, the grated onion, the delicate flavor of the mushrooms tops the base of cooked rice. The reader possibly thinks of this as a dish worthy of guests, but we say that all of the good menus shouldn't be saved for the company — use them for your own family. Naturally, the matter of dollars and cents play an important part in the thinking of Mrs. Homemaker. But the everlasting juggling of the food dollar makes a safe landing when the thrifty tuna fish is used as the main ingredient. Just enough of the wonderful cheese is used to give the dish that subtle something. Serve a crisp mixed green salad or serve carrot straws, wedges of lettuce and crunchy celery. With all of the gorgeous fresh fruit (especially pears) flooding the markets, a dessert of fresh fruit will finish the meal with a flourish.

WAGON WHEEL CASSEROLE

- 1 cup crumbled Danish Blue Cheese (4 oz.)
- 1 cup light cream
- 2 (5 1/2 oz.) cans tuna fish, flaked
- 1 tablespoon lemon juice
- 1 tablespoon grated onion
- 1/4 teaspoon paprika
- 2 cups cooked rice
- Pretzel sticks for garnish

In large bowl, blend Danish Blue Cheese with cream. Add tuna, lemon juice, onion and paprika, blend in rice. Pour into well-buttered one quart casserole. Bake in moderate oven (350°F) 20 minutes. Garnish with pretzel sticks in wagon wheel style. Serves 4 to 6.

Grandmother's Brown Beans

You hardly need a recipe for making Brown Sugar Beans. Like your grandmother, you'll cook up a good-sized batch of Idaho's famous dried Great Northern (large white) beans to the almost-tender stage. Then it's one layer of beans about an inch deep in a shallow baking pan or casserole, a liberal sprinkling of brown sugar—the dark variety for deeper flavor, a pinch or three of dry mustard; a good dash of salt and of coarse-ground black pepper, quartered bacon slices laid hit and miss over the top, the bean liquid added. The whole to bake in a 350 degree F. (moderate) oven about an hour. For extra goodness, just before serving sprinkle the bacon with brown sugar and toast gently under the broiler until the sugar is bubbly and the bacon lightly browned. M-m-m, good!

This is a treat that goes well with any meat, especially those from the barbecue grill. With a more generous use of bacon atop, it can serve as a hearty and economical main course dish in itself. Perfect partners are coleslaw or sliced tomatoes, corn sticks or hot brown bread slices, with fresh fruit or chilled cup custards and cookies for dessert. These beans are good warmed over and may even be frozen for future use. But then, you had better not count on leftovers! If you haven't tried the "large white" Idaho-grown Great Northern variety of beans, you have a taste-treat in store. Full of fine flavor, these beans may be used in every recipe calling for their "small white" cousins. Versatile too, they turn into many tempting dishes—soups, salads, casseroles, croquettes.

Jam Bars Flavor Treat

Almond extract gives these bar-type cookies interesting flavor.

- Tuna Sandwiches
- Carrot and Cucumber Strips
- Fruit
- Beverage
- JAM BARS

1 1/2 cups sifted cake flour
1/2 teaspoon baking powder
1/2 cup butter
1/2 cup sugar
1/2 teaspoon almond extract
1 egg
1/2 cup thick jam or preserves
1/2 teaspoon cinnamon
1/2 teaspoon cloves
Sift together the flour and baking powder. Cream butter, sugar and almond extract; beat in egg thoroughly. Add sifted dry ingredients and stir to blend. Spread a little less than half the dough into a buttered baking pan (about 11 by 7 by 2 inches). Mix jam with cinnamon and cloves; spread over dough. Drop remaining

dough in blobs over jam; spread carefully with small spatula. Bake in a hot (400 degrees) oven until lightly browned, about 20 minutes. Place on wire rack to cool; cut into squares; remove with spatula to wire rack to get cold. Store in tightly covered container.

Mushroom Relish Tip

When a group of friends come over for hamburgers and fixings, here's an extra-special relish to add savor.

- Cream of Tomato Soup with Sherry
- Potato Chips
- Mushroom Relish
- Salad Bowl
- Frosted Layer Cake
- Beverage
- MUSHROOM RELISH

2 cans (6 ounces each) chopped mushrooms
1/4 teaspoon salt
1/4 cup sugar
1/2 cup cider vinegar
1 teaspoon mixed pickling spices
1 large onion, chopped
1 jar (4 ounces) pimientos, drained and diced

Teen-Age Cooking

by Lillian Jermame

This is the exciting time of the school year for you Teen-agers. So many social end-of-the-year activities — plays, parties, Senior Balls, and Junior Proms. Events you will always remember. Especially if your date was a dream. If it was a nightmare, wake up and forget it. There are always opportunities to get together with the ones you like best.

The weather man says we are going to have cold weather clear into middle May. So how about you inviting the gang over to your house for a cozy evening where it's warm and let the record player do the entertaining. You dance or listen, or wiggle or watch. Munch on some crunchies but for the treat of the evening, serve one of the Hot Open Face Sandwiches we have in our column today. They're different, tasty and filling. You are sure to make a hit with a hot sandwich on a cold night. How could you do otherwise? The Tomato Soup and Cheese Sandwich is a favorite with our house. So easy to make too. But be prepared to serve two of these at least to the boys, they really warm up to them. Take your pick. Save this column so you may try them at different times.

TOMATO SOUP and CHEESE SANDWICH

1 can tomato soup
8 slices of bread
8 slices of cheese (American)
8 slices of bacon

Spread bread with tomato soup, place cheese on top of soup, and cut one slice of bacon in half and put both halves on top of the cheese. Place in the 350 degree oven, or under a broiler and heat until the bacon curls and browns. The cheese will melt into the soup, and the crust will toast to a brown. Serve with a knife and fork.

EGG and BACON MUFFIN PUFFS

1 cup mayonnaise
1 egg white, stiff-beaten
8 split toasted halved English muffins
8 sliced hard-cooked eggs
Crisp bacon slices
Crisp pickle slices

Fold the mayonnaise into the egg white. Spread lightly on toasted muffin halves and put together. Place sliced egg on top. Pile mayonnaise mixture over. Brown 1 minute under a broiler. Top with crisp bacon slices. Serve at once. Garnish with pickle slices.

DEVILED SCRAMBLED EGG BUNWICHES

2 T. butter or margarine
1 green pepper chopped
1 med. onion chopped
1 (4-inch) piece celery diced
4 eggs
1 family size can deviled ham
6 soft round buns

Melt butter in skillet; add green pepper, onion and celery and saute. Beat and add the eggs and deviled ham. Scramble as usual. Serve sandwich style between toasted, split round buns.

SCRAMBLED EGG - CHEESE:

Plain scramble 3 eggs with 1/4 cup grated American cheese.

SCRAMBLED EGG-HAM-BOLOGNA:

Chop fine enough ham-bologna to make 1/4 cup. Add to 1 recipe of scrambled eggs.

SCRAMBLED EGG - BACON-CHEESE:

Plain scramble 3 eggs with the contents of 1 (3/4-oz.) can commercial bacon spread and 1-3 cup fine-grated sharp American cheese.

BOSTON BEAN OPEN SANDWICH

6 dark rye bread slices
1 (1 lb.) can baked beans heated
6 heated frankfurters split lengthwise
1 lb. pasteurized processed cheese
Ketchup

Cover each slice of bread with beans. Add a split frankfurter; cover with a slice of cheese. Spread. Broil or bake in a moderate oven 350 degree or until the cheese melts. Serve at once. Top with a spoonful of ketchup.

BEANIE WEENIE ROLLS

6 frankfurter rolls
Butter or margarine
Prepared mustard
1 1/2 cups cooked large dried linas
1-3 cup chili sauce
2 chopped green onions
4 skinless "weenies"
6 T. diced quick-melting cheese

Split the rolls almost through. Spread with butter and mustard. Fill with hot linas, chili sauce and chopped green onion. Slice the "weenies"; lay on top. Strew with the cheese. Fasten the ends with wooden toothpicks to hold in filling. Wrap each in aluminum foil. Heat 15 minutes in moderate oven 375 degrees or until cheese begins to melt. Serve in the foil wrappers.

BAKED ASPARAGUS ON TOAST

1 lb. asparagus
4 slices buttered toast
4 hard-cooked egg
1 T. minced parsley
1/4 tsp. nutmeg
1 cup white sauce
2 T. dry bread crumbs
2 T. grated cheese

Cook asparagus as directed above. Drain. Place buttered toast in a greased, heat-resistant glass baking dish; place several cooked asparagus stalks on each slice of toast. Add chopped egg, parsley and nutmeg to white sauce, pour over asparagus, sprinkle with combined crumbs and cheese. Bake in moderate oven 350 degrees, for 10 minutes to brown crumbs.

WHITE SAUCE

2 T. butter
2 T. flour
1/4 tsp. salt
1/4 tsp. pepper
1 cup milk

Melt butter in saucepan. Add flour and seasonings, blend thoroughly. Gradually add milk. Cook until smooth and thickened, stirring constantly. Then cook about 5 minutes more on very low heat.

SPINACH

Remove roots and tougher stems. Wash in several waters until no sand remains, lifting spinach out of water each time instead of pouring water off. Cook covered until tender, 8-10 minutes, adding no water except that which clings to the leaves. Drain thoroughly, reserving spinach liquid to use in soups, gravies or to add to canned tomato juice. To serve plain, chop spinach coarsely, season to taste with butter, salt and pepper.

SPINACH AND MUSHROOMS

Saute 1/2 lb. mushrooms, sliced in 2 tablespoons butter 5 minutes. Add 1 1/2 cups chopped cooked spinach. Season with salt, pepper and paprika. Mix thoroughly. Simmer 5 minutes. Serve with lemon garnish.

SPINACH AND EGGS

Cook 2 lbs. spinach as directed, drain and chop. Place in greased baking dish; top with halves of hard-cooked eggs. Cover with 1 cup white sauce. Sprinkle with buttered crumbs, bake until brown.

FLORIDA SPINACH

2 lbs. spinach
1 grapefruit
2 T. sugar
4 T. butter

Wash and cook spinach as directed. Prepare grapefruit by removing peel and outer white membrane. Cut on either side of dividing membranes, and remove fruit, section by section. Melt butter and add grapefruit sections and sugar. Cook gently until heated through. Place spinach in serving dish, add hot grapefruit sections and sauce.

**For Family
Treat Try
Brown Bread**

Try this homemade bread treat on your family.

Baked Beans
Boston Brown Bread
Cabbage Salad
Lemon Pie Beverage

BOSTON BROWN BREAD

1 cup flour
1 cup enriched corn meal
1 1/2 teaspoons baking soda
1 teaspoon salt
1 cup whole wheat flour
1/4 cup molasses
1 cup raisins
1 cup sour cream
1 cup milk

Sift together flour, corn meal, baking soda and salt. Stir in the whole wheat flour. Add molasses, raisins, sour cream and milk, mixing thoroughly. Pour batter into three well-greased empty fruit or vegetable cans (about 1 pound 1 ounce size), filling a scant 2/3 full. Cover tightly with aluminum foil. Place a trivet or small lid in bottom of a deep pan which has a tight-fitting cover. Fill pan with warm water to a depth of 2 or 3 inches. Place the cans of batter on the trivet, making sure water covers only bottom half of cans. Cover; steam 1 1/2 hours. Loosen edges, then invert cans on wire rack; cool several minutes, then remove bread from cans. Serve hot.

ONION RADISHES

Crisp red radishes are a sure sign of spring. And a surefire way to enjoy them as a snack or salad course is to leave on a little of the stem, spread the other end with softened butter, dip into instant minced onion and serve with rye bread.

**Easy-to-Mix
Strawberry
Cream Cake**

An easy-to-mix batter for cake layers.

STRAWBERRY CREAM CAKE

2 1/2 cups sifted cake flour
3 teaspoons double-acting baking powder
1/4 cup butter
1 1/2 cups sugar
1 teaspoon vanilla
4 large egg whites
1/4 teaspoon salt

Sift together the flour and baking powder. Cream butter, sugar and vanilla; with a pastry blender cut in the sifted dry ingredients until fat particles are very fine. Stir in the water. Beat egg whites and salt until stiff and fold in. Turn into two 8-inch layer cake pans; bake in moderate (350 degrees) oven 30 minutes or until cake tester inserted in center comes out clean. Turn out on wire racks; turn right side up; cool. Layer together and top with strawberries and whipped cream.

Sugar 'n' Spice

By Nell Norton

"HERE WE go gathering nuts in May, nuts in May, nuts in May..." or so goes the song. I wonder, do you really gather nuts in May? Somehow it seems that nut gathering is more suited to the fall of the year than to the spring. But who am I to argue with the poets?

However, if you have gathered nuts, either from the ground or from the shelves from your local market, here is a tasty use for them.

LIME JELL-O MOLD

- 1 box lime jell-o
- 2 cups liquid
- 1 small package cream cheese
- 1/2 cup chopped nuts (we used pecans, but walnuts should be just as good)
- 1 small can chunk pineapple

Combine the cheese and jell-o and work together into a smooth cream. Add one cup of hot water and stir until the jell-o is dissolved, then add enough water to the drained pineapple juice to make one cup and add to the mixture. Cool this until just beginning to set, then stir in the nuts and pineapple chunks. This makes pretty individual molds or one large mold. Serve on greens.

★ ★ ★

NOW WE'LL go back to those different desserts I promised you. This dessert was first presented to me at the home of Mrs. Fran Cohen, 1501 Thirty-fourth avenue, San Francisco. And I could hardly wait to try it on my friends. They thought it was scrumptious! I think you will too.

GRASSHOPPER PIE

- 1 1/2 cups chocolate cookie crumbs
- 4 tablespoons melted butter
- 24 large marshmallows

Rub together and press into a greased pan to make a nine-inch crust.

- 24 large marshmallows
- 2/3 cup half and half

Melt in double boiler stirring occasionally. Cool.

- 1/2 pint whipping cream, whipped
- 2 ounces white Creme de Cocoa
- 2 ounces green Creme de Menthe

Stir cremes into cooled marshmallow mixture. Fold in whipped cream. Pour into pie crust. Freeze. Thaw slightly before serving.

★ ★ ★

THIS METHOD of baking an apple pie may be new to some of you good cooks. I'd heard about it years ago and then forgotten all about the idea. Recently, it came to my attention again and I decided to try it.

APPLE PIE IN A BAG

- 1 9-inch unbaked pie shell
- 5 to 6 peeled apples
- 1/2 cup brown sugar
- 1/3 cup white sugar
- 1/2 teaspoon salt
- 1/2 teaspoon cinnamon
- 2 tablespoons flour
- 1 1/2 tablespoons butter
- 3 tablespoons cream
- 1 tablespoon milk

Place sliced apples in pie shell. Mix sugars, salt and butter thoroughly. Add the cream and milk slowly. Spread over the apples. Sprinkle with nutmeg. Place in a large brown paper bag. Fold open end twice to close tightly. Bake in preheated 425 degree oven for 1 hour. Slit bag open, remove pie and cool on a wire rack. Serve plain or with cheese or ice cream.

Bolles Gallery Features

Machlin Sculpture Show

Bolles Gallery at 729 Sansome street in San Francisco will feature a new exhibit, "Sculpture by Sheldon Machlin," starting today and continuing through May 24.

Gallery hours Monday through Friday are 10 a.m. to 6 p.m.

Navy Mothers Plan Officer Installation

San Francisco Navy Mothers club 202 will install officers at the Veterans Memorial building on Van Ness in San Francisco at 8 tonight.

Those to be installed include: Commander, Lucille Jones; first vice president, Maxine Jenson; adjutant, Mary Cristofani; ass't adjt., Dorothy Young; finance, Pauline Peretto; chaplain, Lorena Tustin, judge advocate, Oonore Krietch; color bearer, Helen Gannon; Navy banner, Katherine Andre and matron-at-arms, Janet Goodfellow.

Wednesday, May 15, the club will meet for a regular business meeting at Veterans Memorial Building at 8 p.m. Commander Jones will preside. May 21 a benefit game and luncheon will be held at 224, Burrows street, San Francisco from 12:30 to 3 p.m.

Sheldon Machlin was born in New York City in 1918. He attended New York university, Bethany college, the New York School of Fine and Applied Arts and the School of Modern Photography.

He continued painting until 1940 when he joined the American Field Service Volunteers and served with the British eighth and ninth armies in North Africa. He later served in the American Merchant Marine and the U. S. Army where he was a combat photo unit commander.

After seeing a retrospective show of work at the Guggenheim Museum in 1956, Machlin's interest in sculpture matured and by 1960 he was devoting full time to sculpting.

He has participated in a number of group shows, including the Museum of Modern Art's, "Hard Edge and Geometric Painting and Sculpture" (Jan. 10-Mar. 6, 1963) and the American Federation of Arts current touring show, "Contemporary Wall Sculpture," which is traveling throughout the United States this year.

Machlin's sculpture in wood, brass, steel and copper are fitted together with precision and art in open geometric forms with elements of manipulation and many present different aspects from all angles of vision.

Fancy Food for a Festival

SMELLS GOOD!—Charles Markarian, chef at Westlake Joe's Restaurant, shows Mrs. Vincent Baldocchi and Ben Albrecht a sample of the menu to be served Saturday during the Our Lady of Mercy Church festival, "Showboat Time." The festival will open tomorrow and run through Sunday. A dinner will be served in the parish school from 4 to 7 p.m. Saturday. Tickets may be obtained from Mrs. Baldocchi, PL 6-3141, or Albrecht, PL 6-0389.

Eight and Forty Family Night Show Case To Offer Craft Displays

Plans are under way for a family night "show-case," presenting a Youngsters' world of creative activities, by YWCA children's classes.

Open to the public, this program will be held at 7:30 p.m. Friday, May 17, in the War Memorial building.

It will demonstrate for parents and friends the achievements these children have made under instruction in YWCA classes.

Three sections of the creative group play classes will sing songs and give examples of their skills. The ballet, baton and hula classes also will perform. After the program, a display of art work from the children's art class and examples of crafts from the creative group play unit will be presented.

A table showing hobbies, crafts and interests of senior citizens of Daly City will be set up.

Hstesses will be young ladies from the Y-Teen club. The Y-Teens also will sell refreshments.

Newlyweds

Mr. and Mrs. Robert Saisi (Photo by Mann)

Couple Exchange Vows

Mary Ann Schembri, daughter of Mr. and Mrs. Joseph Schembri of 1566 Shafter avenue, San Francisco, and Robert Saisi, son of Mr. and Mrs. Rudolph Saisi of 863 Twenty-eighth avenue, San Francisco, were married in St. Paul of the Shipwreck church.

They will reside in the Coronado apartments in Westlake. The bride is a graduate of Presentation High school. Her

honor attendant was Judy Saisi and her other attendants were Joanne Howell and Jerilyn Sullivan.

The groom is a graduate of St. Ignatius High school. His best man was John Schembri and ushers included Thomas King, Charles Busuttil and Victor Schembri.

The couple honeymooned in Carmel and Catalina island.

Ben Franklin P-TA to Seat New Officers

The Benjamin Franklin school P-TA will install new officers and conduct a spring festival program at its meeting at 7:30 a.m. Tuesday in the school.

Mrs. Albert Altman of 286 Wilshire avenue, Daly City, will be installed president. Other officers to be installed are:

Mrs. Barbara Aron, vice president; Mrs. Blanche Lewis, recording secretary; Mrs. Jean Berthoin, corresponding secretary; Mrs. Fay Yaeger, financial secretary; Mrs. Kay Gleboir, treasurer; Mrs. Bunny Gillespie, historian; George Brenk, auditor and Mrs. Jessie West, parliamentarian.

Mrs. Kevin Donovan, outgoing president, will be the installing officer.

The school Glee club and orchestra will present the spring festival.

Science Fair Presented by Edison Pupils

Thomas Edison Elementary school had a busy week last week for both spectators and participants alike. The occasion was the inauguration of a Blue Ribbon Science Fair, sponsored by fifth grade students under the guidance of Mrs. Georgina Nyhan.

The multi-use room overflowed with projects created and designed by budding young scientists. The projects ran the gamut from water purification to electronics.

Each was accompanied by a well-executed diagram or detailed explanation. This example of scientific learning put to work in the form of projects and exhibited for parents and students was a "first" at Thomas Edison.

Westmoor P-TA To See Clothes Made by Pupils

Time will play an important part in the May meeting of the Westmoor P-TA.

"Round the Clock" will be the theme when girls of the home-making classes at Westmoor model clothes they have made.

Sleep wear, play clothes, school attire, afternoon and evening dresses will be modeled.

Refreshments will be made and served by the students of the homemaking classes.

The program will be held at 3 p.m. May 16 in the cafeteria of Westmoor High school.

Installation of officers and awarding of scholarships also are scheduled for this final meeting of the year.

Louanne's Datebook

By Louanne Heath

THE PACIFICA branch of the American Association of University Women has issued a special invitation to everyone in the area to attend its home tour Sunday afternoon from 1 to 5.

Included in the tour will be visits to five very special Pacifica homes.

Julia Jenkins, school health nurse at the Linda Mar and Vallemar schools, will be one of the hosts to open her home for the event. Miss Jenkin's home, which is situated on Pedro Point and commands a sweeping view of the Bay Area, is designed for efficiency and economy of time in maintenance.

The home of Mr. and Mrs. Michael Morilla, also on the tour, was selected for exhibit because of the ideas it presents on how to individualize a tract home. The Morillas have accomplished marvels in personalizing their home with wrought iron grillwork and a selection of traditional and period furnishings in combination with all of the latest electrical appliances and conveniences.

Other homes on display will be those of Mr. and Mrs. John Brogue, a low sprawling ranch type; Dr. and Mrs. Julian Reinhertz, a masterpiece of matched wood grains and hand crafted ceramics, mosaics and woven fabrics, and the William Russell home with its beautiful patio-living room area and its windowless front.

Tour chairman is Mrs. Edmund Braly. She will be assisted by the Mesdames Ernest Ekeroth, Norman Lacy, Thomas Collins and Lavinia Palmberg and Carol McMahon.

A tea held in conjunction with the tour will be held in the Vallemar home of Mrs. William R. Russells. Presiding will be Mrs. Miguel Borrass, Edna Laurel Calhan, Mrs. Fred Ballow and Imogene Bahr.

Mrs. E. D. Gentry of the Pacifica Branch of the AAUW had invited the women, all presidents of several of Pacifica's women's organizations, to participate.

MR. and MRS. WALTER DORN and their children are home again after having spent several days in the snow country.

MR. and MRS. THOMAS BOCCI Jr. and children, Debbie, Tommy, Randy and Jeff, are still talking about the fun they had on their recent trip to Disneyland and Knott's Bery Farm. This was the first visit to the southern play land for the family.

THE SEW 'N' CHATTER CLUB staged a progressive dinner Sunday afternoon for the members and their families, according to member Pat Cassalnuovo.

PATRICIA BONAVITO, Debbie Corbett, Terry and Kathy Garvin, Roberta Wentzel, Linda Smith, Kerry Riemios, Kate Oliver, Robin Newhous, Tracy Garvin, Sherry Gelpman, Kathy Hendrickson, and Sherrel and Herb Miller, all members of Brownie Scout Troop No. 587, have invited their mothers and two of their teachers to be on hand next Monday afternoon when they are tested in ice skating proficiency.

The girls and Herb (a purely honorary member of the troop) have completed a course in skating at the Phyllis and Harris Legg school of Ice Skating and they will attempt to perform the maneuvers necessary for them to be eligible for their Brownie badge in ice skating. The event will be a festive one with games on the ice and a party cake to follow the testing.

Mrs. Lee Marr and Mrs. Mary O'Rourke, both teachers at Christopher Columbus school, have been invited to be the special guests of the troop at the party, according to Mrs. Jo Burn, troop leader.

Mrs. Gertrude Machosen of Elmwood drive in Westlake was co-hostess at a shower for Maureen Swanson last Saturday afternoon in the Officer's club at the Presidio in San Francisco.

Twenty friends attended the luncheon, honoring Miss Swanson, the San Francisco lass engaged to marry George Oleyar of Westlake next month.

DR. JEROME V. ROSE, research associate of the Mental Research Institute at the Palo Alto Medical Research Foundation, will be the guest speaker today at the Mental Health Week Community luncheon in the Benjamin Franklin hotel in San Mateo.

Mr. and Mrs. Marvin Dutton, Mrs. Ray Spencer and Mrs. Harry Ayres of Pacifica will be among the local members of the Mental Health association who will be on hand to hear Dr. Rose and to preview the plans for the 1963 bell Ringer March scheduled for May 12 to 18.

THE PACIFICA DOG FANCIERS Club will begin new classes for dogs and their owners tomorrow evening in the Pedro Point Fire house.

Three groups will be conducted: juniors (youngsters under 16) will meet at 6:30; beginners (adult) will begin instruction at 7:30 and the adult classes will start at 8:30. More information may be obtained by phoning LaVerne Egan, FL 5-6488.

Sorority Observes Birthday

Nu Sigma, the Westlake chapter of Beta Sigma Phi joined the newly organized Northern Peninsula Intercity Council in its first observance of Founder's Day yesterday at Nick's Rockaway restaurant.

Thirty-two years ago, the first chapter of the sorority was formed in Abilene, Kan., and now consists of 7000 chapters and 150,000 members in four-teen countries.

The Westlake Chapter was formed in 1964 and now has an active membership of nineteen members under Fernandez. Besides contributing to local charities and projects, the group has contributed active support to Aid to Retarded Children for several years.

Mrs. Inez Thomas, a member of long standing, has been elected to head the new council for the coming year. She presented a special message from International Headquarters in Kansas City at the Founders Day Banquet. She was among eight local women to receive Exemplar Degrees from the organization.

Post, Auxiliary Seats Slate

South San Francisco Post 4103, Veterans of Foreign Wars, and its ladies auxiliary held a joint installation of officers Saturday in the Veterans hall, 312 Maple avenue, South San Francisco.

Paul Fontana was installed commander of the post. Others installed included Joseph Chira, senior vice commander; John Mullins, junior vice commander; Edward Jones Sr., quartermaster; Albert Collins, chaplain.

Auxiliary officers installed include Mrs. Leroy Albert, president; Dorothy Whitlock, senior vice president; Hazel Lund, junior vice president; Rose Fisher, treasurer; Mrs. Lawrence Magoon, secretary and Mrs. Tom Walsh, chaplain.

Unit to Meet

The American farmer and his relation to the Common Market will be discussed at eight tonight at a unit meeting of the San Francisco League of Women Voters in the home of Mrs. Troy C. Daniels of 67 Parkwood drive, Daly City.

One Stop on a Tour

HOUSE TOUR—Mrs. Julian Reinhertz, chairman of the American Association of University Women House tour, shows members Mrs. Thomas Collins and Lavinia Palmberg some of

the finer points of her home in Vallemar. It is one of several homes to be shown on the house tour and tea Sunday in Pacifica. (Post-Times Photo)

YWCA Style Show Planned

Dashing fashions and delicate decorations will be featured tomorrow at the monthly YWCA fashion luncheon at 1 p.m. in the Westlake Bowl. The theme for the show is "Blossom into Summer."

Collection of summer dresses and vacation wear for all occasions from Sue Scott Distinctive Apparel will be shown. Togs for summer wear for children also will be shown by the Lad and Lassie shop.

Dainty blossom trees have been created by the Y-Wives

group for table decorations. Norma Washford, president of the Y-Wives group, will narrate the show.

Fashion coordinators, Phyllis Odenthal and Dorothy Orlich will model along with Marcia McGuirk, Jean Funai, Ped Smith, Jill Campbell, Ardell O'Connell, Peggy Milleh, Nancy Warne, and Ginger Straight.

Youngsters modeling will be Jim Erlach, Susan Straight and Tom Orlich. Hostesses will be fashion show Mary DeWitt and Elsie Dab.

Summer Styling

SUMMERTIME—Mrs. Forrest Straight, left, and Mrs. Robert Washford, members of the YWCA, model clothes from Sue Scott Distinctive Apparel in rehearsal for the monthly fashion show sponsored by the YWCA of North San Mateo county. The show will be conducted from 1 to 3 p.m. tomorrow in Westlake Bowl. Mrs. Washford will serve as commentator.

ORT Chapter Maps Dinner

A supper social is planned at 7 p.m. Saturday by the Northern Peninsula chapter, Women's American Ort (Organization for Rehabilitation Through Training).

A complete chicken dinner will be served. Games will follow. The affair will be held at the Lake Merced Boat House.

Parents Enjoy Space Program

M. Pauline Brown P-TA enjoyed a program on space research and installed new officers at a meeting last week.

Jack Talmadge, a representative from the Ames Research Laboratory at Moffett Field, moderated the space program, which included projects, demonstrations and exhibits.

The program was directed by Larry Anderson, Sixth grade teacher at the school.

Mrs. Kenneth Gillespie, charter past president, installed these officers:

Mrs. Norman Gotelli, president; Mrs. Edward Del Carlo, vice president; Donald Pagani, principal, honorary vice president; Mrs. Charles Aulsen, recording secretary; Mrs. John McLane, corresponding secretary; Mrs. Albert Donati, treasurer; Mrs. Ellis Ward, financial secretary; Mrs. Jerry Shain, and Mrs. Ray Skarlanic, Historians and Anderson, parliamentarian.

Makeup Talk Is Scheduled

The Y-Wives will hear a discussion of the art of applying makeup at a meeting at 9:30 Monday morning in the Westlake Bowl.

Barbara Barker, a member of the recently organized Pacifica Y-Wives group, will demonstrate makeup techniques.

Members of the Y-Wives will act as volunteers. The makeup to be used has been medically approved.

The hospitality hostess will be Mary DeWitt.

Dance Group To Host Fete

The Westmoor Dance Group will conduct an open house program at 7:30 p.m. Friday, May 17, in the Abraham Lincoln school in Westlake.

Children of pre-school and kindergarten age will perform. The non-profit group has been holding classes for seven years.

School Alumnae Will Hold Tea

The St. John's Ursuline High School Alumnae association will conduct its annual tea at 2 p.m. Saturday in the school auditorium at 4056 Mission street. The graduating class of 1936 will be honored and welcomed into the association.

Wednesday, May 1, 1963

The Post—21

Service Bureau Issues Request for Volunteers

The Friendly Visiting Service, through the Volunteer Bureau of San Mateo county, has issued a special request for a man to visit another man who is confined to his own home in Redwood City.

The American Red Cross, Sequoia region, has asked for motor service drivers between the ages of 17 and 65, with California drivers' licenses. Volunteers have also been requested to serve on committees for home service, nursing, water safety, and first aid.

A veterans' hospital in the county has issued a call for aides in the following areas: manual arts, occupational therapy, music, art, woodwork shop, general office, and typing and filing. Volunteers are needed from 9 to 11 a.m. and 1 to 4 p.m. Monday through Friday.

A training course for persons to staff the Traveler's Aid booth and the airport will be held at the Volunteer bureau the first week in May. Summer travel will require many volunteers to keep the booth fully staffed.

Persons interested in learning more about the volunteer jobs available have been asked to contact the bureau, 119 Primrose road, Burlingame. The bureau is open from 9 a.m. to 5 p.m. Monday through Friday. It is a project of the Assistance league of San Mateo county and shares in the United fund.

Vista Mar Holds An Open House

More than 550 parents visited Vista Mar school last week in an open house program. They saw the academic and fine arts work of students.

A presentation by the school's Glee club, under the direction of Mrs. Pat Hackett, was given. Parents visited classrooms and teachers during the first part of the evening.

Thursday, "Classes in Action" brought more parents to classrooms to observe subject matter presentation. Individual class programs had been sent home by each teacher with an invitation to visit the school.

Parents selected the time and subject in which they were particularly interested. As parents visited Thursday, they were given a "Guide to Classroom Observation" to help them evaluate their own child's reaction to lessons being presented.

News of North County Teen-agers

Westmoor Whirl

OPEN HOUSE last Thursday evening was preceded by a most thorough house-cleaning with students and teachers working to present Westmoor High school to the community. Their efforts were well rewarded by the interest shown by guests in all the special exhibits and projects on display.

★ ★ ★
UTTERLY ENCHANTING was "Soiree Enchantante," Friday night's Junior Prom. Interior decorator Mary Jane Putz and her helpers transformed the lowly cafe into a moonlit Parisian park with benches, picket fences, and fresh flowers scattered about in gay profusion. Junior class president Bob Hansen rose to the occasion by finally learning to say the French name.

★ ★ ★
CLASSROOM CLATTER: Femme fatales in Girls P.E. have switched weight-reducing media this week. This unit of instruction includes badminton, folk dance, and soccer... Unusual and welcome addition to one side of a public speaking debate on euthanasia (that's right—all those hungry little children in China) is instructor Mary Ann Holden. Somehow the debaters on the other side aren't so enthusiastic.

Reverting to the second-childhood stage are the Chinese students now struggling to master the light touch with Chinese brush and ink. They report that the frustration of trying to keep the obstinate brush steady is similar to the trials and tribulations of a first-grader with that stubborn old pencil...

"About Communism" and "Space Science Technology" are two courses to be featured in summer school this year. Applications for the eight-week session at Westmoor are currently being filled out by students at all four district high schools.

★ ★ ★
FILE AND FORGET: Seniors are busy exchanging memories in the form of little printed cards with their names... Members of the Executive Assembly are still puzzling over that item in the treasurer's report listing an expenditure of \$10 for a "B.B. Coverstop." Anyone who can explain this one gets an honorary student body card... Budget committee has been set up by the Executive Board to stem the flow of student body funds for next year.

First real sign of spring: last week's mid-afternoon fire drill... RAMIFICATIONS, WHS literary magazine, will soon make its second appearance, compliments of the Creative Writing club (but not gratis)... Truly bursting with pride, the built-in trophy case in front of the central office has been filled to capacity, and nine extra trophies are being stored in the safe for lack of display space. Solution to this happy dilemma is a proposed new trophy case to be built by the wood shop.

★ ★ ★
CLUB CAPERS: Future Nurses will visit the UC hospital this Friday... New ruling for the WHS Spanish club calls for as much spoken Spanish as possible. Members at the recent club meeting saw this law put into immediate effect as they listened to their guest speakers use the foreign tongue throughout the program... French clubbers dined last night at the Place Pigalle... Rockets and rocket fuels were discussed by the guest speaker at the Science club meeting.

★ ★ ★
SPECIAL DELIVERY: Get well wishes to world history mentor Paul Zimmerman from those "who care enough to send the very best."

Jefferson Jottings

By STEPHANIE DAMATO

WOULD YOU like to go to a foreign country for a year. The International Club is desperately looking for more members. The purpose is to make it possible for Jefferson High to have a foreign exchange student in the near future.

★ ★ ★
THE TWENTIETH CENTURY classes of teachers Rudie Tretten and Edward Cereghino went on a field trip to study architecture in San Francisco. One of the most interesting stops was to that of the California Historical Society.

★ ★ ★
MANGEZ-VOUS? The French Club has decided to retain the same officers for the spring semester. According to president JoAnn Ciarlo the club plans a dinner in a French restaurant in San Francisco in the near future.

★ ★ ★
JEFF will be losing one of its "most well-liked" teachers when June comes. Janet Johnson plans a trip to the altar with her high school sweetheart, who is studying to be a geologist in Virginia.

★ ★ ★
THE JUNIOR PROM, "Fountains of Dreams" turned out to be a huge success. Approximately 110 couples attended the prom in the school cafeteria April 19. A flowing fountain was the main attraction. Many couples posed for pictures for their memory books.

Future Nurses Set Tour

Seventeen Westmoor High school future nurses are planning to visit the fourth annual Health Sciences Exposition at the University of California hospital in San Francisco.

Accompanied by school nurse and club adviser, Mrs. Phyllis Colbert, the girls will make their visit this Friday.

Among displays the group hopes to see are: medicine, nursing, dentistry, pharmacy, physical therapy and dietetics. At each display, there will be an expert to answer questions.

After seeing the exposition, which is open to the public tomorrow, Friday and Saturday, the future nurses will eat lunch at the hospital.

Craftsman at Work

DOROTHY GETCHEL of 145 Ashland drive, Daly City, a junior at Westmoor High school, last week. Temperatures in the process reach 900 degrees. (Post-Times photo)

TV 'Cameras' Talent Show Roll at AFS

Mock television cameras rolled dramatically across the stage of the Westmoor High school Little Theater last week for the presentation of an American Field Service talent show.

Following eliminations earlier this month in which approximately 30 entries were presented, ten of the top acts were chosen for "television appearance."

Master of ceremonies Ralph Henn was interrupted occasionally by commercial announcer, produced and directed by drama teacher Robin Jackson and music instructor Howard Loeffler nevertheless went on.

Dancing to songs from "West Side Story" were Sue Bernard, Connie Baroni, Lori Accarelli, Carol Bento, and Nancy Schmulz. Linda Hurst hula danced to "Hawaiian Sunset."

Vocalists included: Francine Cosma who sang "Sumertime," Linda Garcia who sang "Bali Hai," and Darlene Meir who sang "Rock-A-Bye My Baby." "Days of Wine and Roses" was sung by Sharon Marshall.

The show's comedians were Flip Reade and Marsha Hart, who performed "Honey Bun" from "South Pacific." Musicians included the Westmoor dance band, piano accompanists Cathy Leech, Stacey Cusulos, and Carl Jacobson, and accordionist Chris Cain who played "Never on Sunday."

The show concluded with the drama class presentation of the "Sandbox." The cast included: Glennia Frederick as Momy, Bob Post as Daddy, John Cummings as the young man, Sutton Doeg as the musician, and Linda Loftus as grandma.

Y-Teen Club Is Formed at Colma School

The YWCA is expanding its program for teenagers of the North San Mateo-county area.

The most recently-formed group is the Y-Teen club at Upper Colma school. The club meets at the school on the first and third Mondays of each month.

Pat Martinez, director of the North County YWCA, is the advisor. Sue La Cour, a member of the Jefferson High school Y-Teen club, acts as assistant advisor.

The club will be called the IFCAs, which is Czechoslovakian for YWCA. The name was taken from a song, "Above the Plains," which was sung at the first YWCA summer camp ever held in Central Europe.

Officers of the club are Sandy Diaz, president; Genie Vinje, vice president; Marilyn Tingley, secretary-treasurer; Bertie Ellis, sergeant-at-arms and Vesta Lee, representative.

The group's calendar includes such events as a bowling party, a beach gathering and a slumber party.

Plans Pushed For Big Dance

The War Memorial Community center will be turned into a world, complete with a surrounding universe, when the Daly City Junior Teen clubs hold their first Annual Springfest May 18 from 7 to 10 p.m.

"Dance Where Ya Wan'a" is the theme of the first city-wide affair to be held by the Recreation department-sponsored groups.

The clubs will decorate portions of the building interior in motifs of outer space, Africa, Asia, North America, the South Sea Islands and Europe.

Intracub competitions for a perpetual trophy will be held in five areas: ticket sales, decorations, king and queen personality contest, talent contest and a twist contest.

KYA disc jockey Gene Nelson is one of the featured attractions of the springfest.

Nelson, along with Judie Reed, chairman of the Hi-Fi Teen club, and Max Mobley, supervisor of recreation and director of the junior high teen club program in Monterey, will judge the twist contest.

Susan Thorne, Miss Daly City, will be one of the judges and will present an award to the winning couple in the king and queen personality contest.

Other judges will be Dick Hart, student activities advisor at Westmoor High school, and Richard Waters, director of recreation at Park Merced, adviser to the Hi-Fi Teen club and president of the Northern California Youth Council.

Masters of ceremonies in the talent contests will be Skip Kazas, chairman of the Westlake Swingers, and Louis Chandler, chairman of the Casuals.

Tickets to the event will be sold at the club meetings and at Colma Intermediate and Ben Franklin Junior High schools. Cost is 50 cents to members and 75 cents to guests.

Scholarship Winners Have Ambitious Hopes for Future

Four Westmoor seniors, named as recipients of California State scholarships, have ambitious plans for the future. The four are Ann Irby, David Levine, Mark Stutsman, and Marilyn Wagner.

Not only does Miss Irby carry an A average, but she is an active member of a number of Westmoor organizations. She is president of the French club, secretary of the Junior Statesmen, and co-editor-in-chief of the yearbook.

Studying mathematics at the University of California at Los Angeles is the plan of Levine. Dave is preparing for this with

courses in solid geometry and physics. He is a member of the French club.

The University of California in Berkeley, where he hopes to study chemical engineering, is the destination of Stutsman. He also is taking physics and solid geometry and pursues his interest in science through membership in the Science club.

Miss Wagner will attend UCLA. Besides carrying an A average, Marilyn, a past head sergeant-at-arms, heads the Westmoor press bureau and is helping to form drama club at Westmoor.

Marilyn also has received a \$400 award from the UCLA Alumni association.

Divine Services

AND CHURCH ACTIVITIES OF DALY CITY, COLMA AND PACIFICA

Westside Baptist Schedule Plans For Week

The Reverend A. David Donnelly, pastor of Westside Baptist church, will talk on the topic, "No Difference," at the morning worship hour at 11 Sunday.

At the close of the service, the church will receive new members.

In Sunday school, "Higher Goals" is a theme being stressed this month.

The main purpose of the program, according to Alton Swedberg, Sunday school director, is not attendance goals but to renew interest on the part of those children already on school rolls.

Tonight, the regular mid-week prayer and Bible study hour group will meet at the home of Swedberg. The Rev. Mr. Donnelly will continue his studies on evangelism. This week, he will stress the evangelism of the disciple, Paul.

The church's Diaconate board will meet at 7:30 tomorrow evening at the home of the newly elected chairman of the board, Gilmore Swanson of 442 Helen drive, Millbrae.

At Sunday night's Evening Gospel Hour, the pastor will speak on the topic, "A Threefold Hope of the Return of Christ."

The Women's Missionary society board will meet at the home of the president, Mrs. Alice Sturdevant of 111 Adrian avenue, South San Francisco.

Jewish Rite Is Planned

Paulette Solomon, daughter of Mr. and Mrs. Rudy Solomon of 96 Maywood avenue, Daly City, will celebrate her Bas Mitzvah at 8:30 Friday evening at Congregation B'nai Israel, 67 Los Banos avenue, Daly City.

Rabbi Shore will officiate the religious part of the service. Paulette's Bas Mitzvah will begin with a reading from Leviticus and a traditional chanting from Amos, all in Hebrew.

She will also read and chant prayers in Hebrew and English. Her official acceptance to Judaism will be culminated with an oration in English.

The candle lighting ceremony for the Sabbath will be performed by Mrs. Grace Solomon, Paulette's mother.

The Oreg Sabbath will be hosted by Paulette's parents in her honor after the services.

Temple Judea Plans Service

Temple Judea will hold its regular Sabbath evening services at 8:30 p.m. Friday at the temple.

Rabbi Herbert Morris and Cantor Harold Wachter will officiate. Candle blessing will be by Mrs. John G. Taylor of Westlake. Hostesses for the Oreg Sabbath after the service will be the Mesdames Mary Flores, Martin Rosenblatt and Nathan Schaffer.

FOR 200 COUPLES

Golden Wedding Mass Is Planned

The golden wedding anniversary mass for all Catholic couples married 50 years, or more, in the Archdiocese of San Francisco will be held at Old St. Mary's church, California and Grant at 4 p.m. May 1.

His excellency, Archbishop Joseph T. McGucken, will celebrate the mass and renew the wedding vows of the more than two hundred couples who have already accepted the invitation.

The Right Reverend Monsignor James M. Murray will give the sermon and parchment wedding scrolls will be blessed and given the jubilarians.

A reception will follow in the Parish hall, hosted by the Reverend John P. Carlin, C.S.P., pastor of Old St. Mary's, and his young adult group.

The golden wedding anniversary celebration is being sponsored by the Catholic Committee for the Aging, 251 Laguna street. They would greatly appreciate names of other Catholic couples married fifty years, or more, so that all might be honored.

Coast Church Exceeds Goal

Pacifica's Church of the Good Shepherd attained 125 per cent of its goal (\$23,000) with a total of \$28,870 in the St. Mary's cathedral and archdiocese (of San Francisco) building fund, announced Father Denis J. Mullen, pastor of the Coastside Catholic church.

"The response of our appeal has been outstanding," the priest said. "Approximately 150 gifts and pledges have been made and we feel the percentage of acceptance speaks extremely well for the charity of Pacifica's Catholics and non-Catholics alike."

Over \$750,000 has been contributed or pledged in the North San Mateo county area. Much of this will be applied toward the building of the Archbishop Alemany High school which will serve this area. No site or completion date has been announced.

The drive which includes two other Catholic high schools, a senior seminary and a home for the aged as well as the rebuilding of St. Mary's cathedral in San Francisco ended April 1.

The contribution levels in the campaign were \$450 for a personalized memorial. Three hundred dollars for a benefactor's gift and \$180 builder's contribution.

Doughnut Sale Set by Women

The Sisterhood of Temple Judea will conduct a doughnut sale at Hunt's Do-Nut Shop, 235 Southgate avenue, Tuesday, May 21. Proceeds will be used to benefit the temple's religious school.

Men's Club Sets Events

The Westlake Catholic Men's club will meet at 8:15 p.m. Tuesday in the parish hall for its monthly session.

All men of the parish are asked to attend this meeting and assist in the selection of the nominating committee.

Activities planned by the club include "Showboat Time," the annual parish festival being held this weekend in the Our Lady of Mercy church hall.

May 19, the annual parish picnic will be held at Linda Vista park in Mission, San Jose.

Tickets are now on sale for a golf stag Saturday, June 15, at the Sonoma Country club.

Mother's Day Dance Planned

The B'nai Israel Men's club will sponsor a Mother's Day dance at Forest lodge, 266 Laguna Honda boulevard, San Francisco, Saturday, May 11. Dancing will be from 9 to 11 to Ray Claffield's musical ensemble. Kosher style refreshments will be served.

Tickets may be purchased from Leo Kruger, PL 5-8862.

THEFTS REPORTED

Kenneth Gregg of 9 Morning side drive reported to Daly City police last week that thieves had stolen cash and ear rings, valued at a total of \$50, from his home.

Church to Note Christian Family

During May, Christian Family month will be observed at Bethel Lutheran church at 2325 Alameda boulevard.
 The Christian family will be emphasized in worship services Sunday mornings at 8 and 10:45. The focus will be placed on the father, the mother, the youth and the family.
 Sunday, the Rev. Herbert P. Schroeder, pastor, will preach on the subject: "Christian Fathers." The husband and father will be discussed as an example in the home and in the church.
 Sunday school with adults 9:30, sacrament meeting 4:30 p.m., Bishop Samuel Chandler, 52 Rockford drive, Daly City, PL 6-7314.

Home Mutual Savings Gives You MORE

Higher Earnings

Our big 4.8% interest is 37% higher than interest paid on regular savings accounts at commercial banks. If you accept one penny less, you are actually losing precious money each day.

4.8%
current rate per annum
PAID AND COMPOUNDED QUARTERLY.

Insured Safety

Your savings account is insured to \$10,000 by a permanent agency of the United States Government, Washington, D. C. Your funds are as safe as America itself at Home Mutual Savings.

Greater Strength

Conservative-minded people enjoy the added peace of mind in knowing their savings are placed with one of the West's largest, oldest, strongest financial institutions, now over \$200 million strong.

\$200 Million Strong

Better Service

For over three quarters of a century, San Franciscans have preferred our friendly, personalized service. Regardless of the size of your savings account YOU'LL always get a "red carpet" reception at Home Mutual.

Extra Convenience

Five Home Mutual offices serve Greater San Francisco; streamlined save-by-mail service, we pay postage both ways; new closed-circuit TV at our downtown office speeds the handling of savings accounts.

More San Franciscans save with Home Mutual than any other savings and loan association.

Since 1885, Specialists in Real Estate Financing
 For decades, San Franciscans have preferred Home Mutual for real estate financing. Call or see our loan officer today—you'll discover faster, more personalized real estate loan service!

School Bond Issue Will Be Re-submitted

A \$600,000 bond issue and an application for \$6,000,000 in state aid, both defeated by narrow majorities in a school election April 16, will be resubmitted to Pacifica voters on June 25, trustees of the Laguna Salada elementary school district decided last week.

The board voted to reschedule both propositions after hearing a report from District Superintendent Frederick E. Lucas on the city's population increase during the past year.

Lucas said a new population estimate obtained by the city from the state shows Pacifica's population is now 25,200, compared to 23,000 in 1961.

In addition, the superintendent said, city figures show the city's population is still spurring rapidly ahead.

According to municipal figures, 148 new homes, 58 apartments and \$393,000 worth of commercial construction is now under way.

The city issued \$2,789,000 in building permits during the first quarter of this year, compared to a total figure during all of last year of \$7,203,000.

The new census, Lucas said, shows that 61.6 per cent of the city's work force is employed, and that the population per house is 3.89.

The medium age of the city is 22.5 years, and approximately 1600 children, or 25 per cent of the city's population, is in elementary schools.

During 1960 the medium income of the city, Lucas reported, was \$7424.

The board moved ahead to acquire a sixth school site in Pedro Valley when they authorized the district attorney's office to begin proceedings for the school against the Coast Range Development company near the new Willow Brook tract.

Official notice of the completion for Ortega school was filed, and Lucas reported that the new Cabrillo school is 65 per cent complete.

He said construction of a new instructional materials center in the Vallemar area has been

delayed for two weeks because contractors found two abandoned septic tanks on the site of the building.

It was reported that the state department of education has approved a summer school program this year, and registrations will be held Monday, Tuesday and next Wednesday.

The board renewed the contracts of 36 teachers, and accepted the resignations of Mrs. Karla Rice, a third grade teacher at Sharp Park school, and Jerry Satterlee, a fifth grade teacher at Sanchez school. Both are moving from the district.

Attorney to Be Appointed S.M. Referee

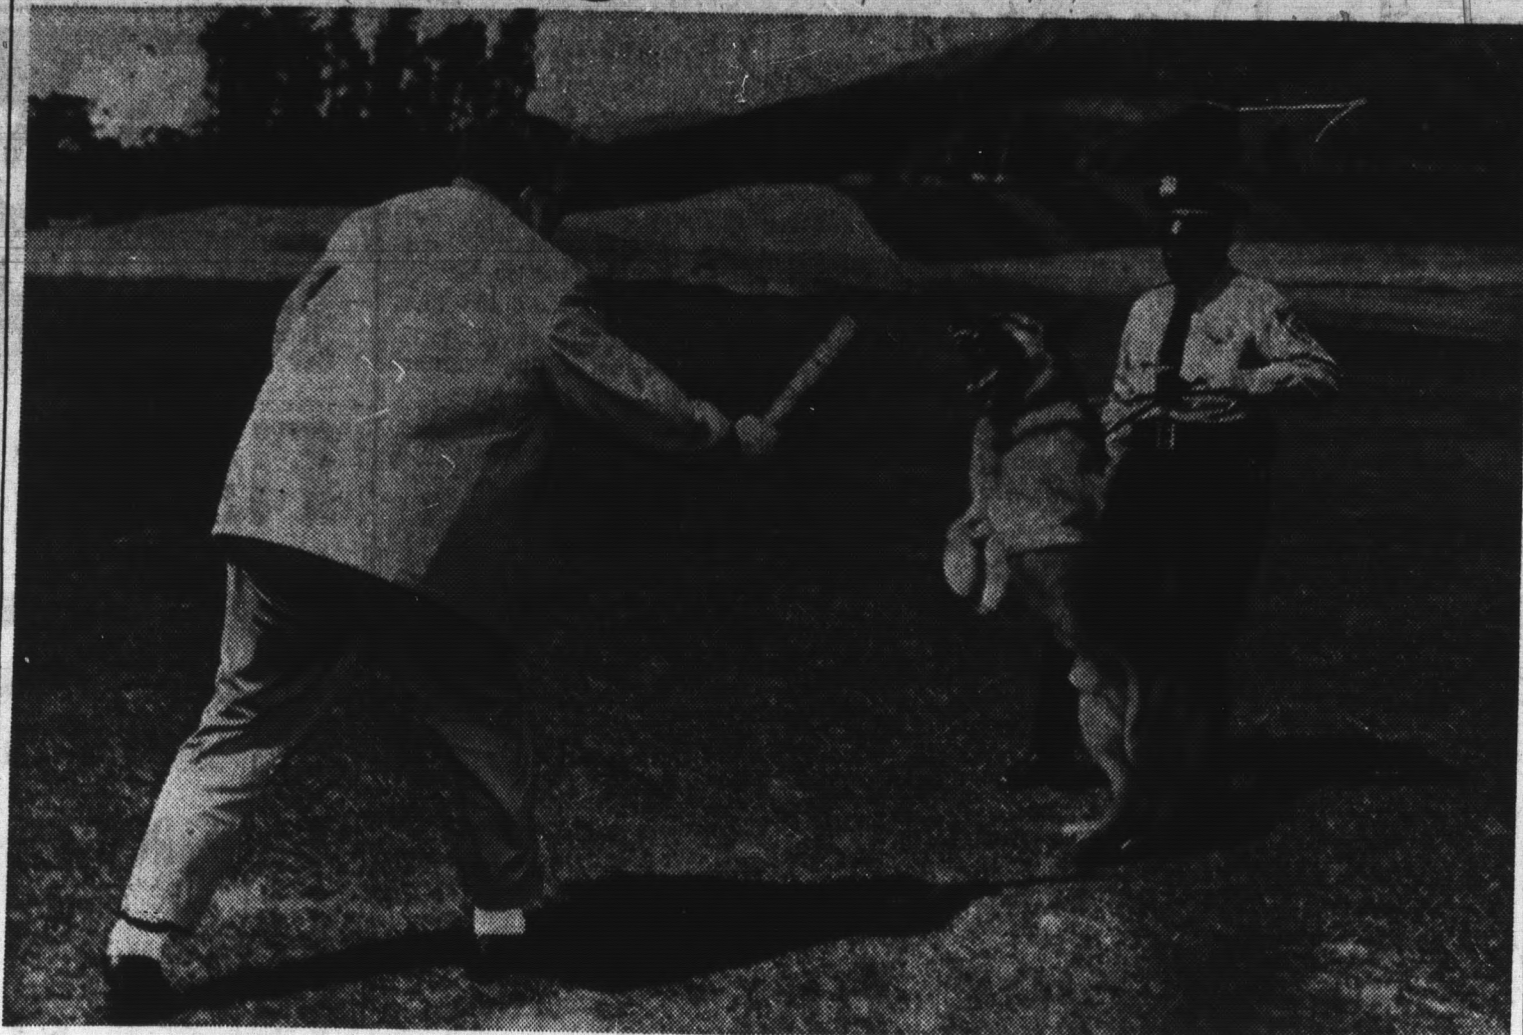

Appointment of an attorney to act as referee over some juvenile court cases was approved last week by the county board of supervisors.

The position was requested by the judges of the superior court, who will make the appointment.

Judge J. A. Branson told the supervisors that a referee is needed to relieve the juvenile court calendar, which has been averaging 32 hearings a day for the past three months.

"It is not a question of the work," Judge Branson said, "because that is what we are paid to do. But with the volume we have, we find it impossible to give these cases the proper attention."

This Dog Means Business!

DOG DEMONSTRATION — Broadmoor Chief of Police Ray Savage demonstrated the efficiency of Czar, a police dog, which aids his small force in night patrols. The man with the club is the owner of the dog, Irving Schwartz. Savage gave the demonstration to members of the Daly City-Colma Chamber of Commerce at the regular monthly luncheon at the Cypress Hills Golf course. (Post-Times photo)

ROWAN, Matthew Joseph, 41 Crestwood drive, Daly City, April 8, a daughter.

PENNIES STOLEN Mrs. Florence Hicks at 4 Sea View drive reported to Daly City police over the weekend that thieves had stolen \$15 in pennies from a jar in her home.

Physics Challenge Is Met

Top students in Westmoor High school physics classes have met the challenge of an outside project presented by their teacher, Stuart Mephram. Several seniors offered varied projects for evaluation.

Marguerite Jarchow, who will enroll at Reed college next fall conducted experiments with polarization.

"The primary purpose of my project," stated Miss Jarchow, "is to show that light, when reflected at a certain angle from a glass surface, is almost completely polarized."

Her exhibit, now being displayed in the school's physics classroom, consists simply of a flashlight, a glass plate, a sheet of Polaroid and a protractor.

Studying the basic principles behind refraction was the foundation of a project by Michael Hunter.

The mechanical and absorption cycles of refrigeration were explored and the project concluded with the construction of a simple refrigerator "which demonstrates the mechanical cycle through the use of a common refrigerant."

'Dad-and-Lad' Dinner Slated

The May meeting of the Westlake Community Baptist church Men's Fellowship will be held May 10 and will feature a "Dad and Lad" chicken dinner.

Bill White, president of the fellowship, has announced there will be a hobby exhibit put on by boys.

Senior Class Plans Party

The Jefferson High school senior class is planning a graduation party at Castle Lanes on the night of graduation.

The party, which will be chaperoned by parents of the students, begins at midnight and will continue until 10 the next morning.

Bowling, pool, a buffet dinner, dancing, soft drinks and a breakfast at 6 a.m. are included in plans for the party. The cost is \$10.

Laurie Fehl is senior class president.

He is planning to attend the University of California at Berkeley.

Kenneth Lehre and Tom Ottoman probed quite deeply into a complex mechanism for the conversion of rotational movement produced by a prime mover into the continuous or intermittent unidirectional movement of a load carrier.

The system is known as the "Dean Drive." Lehre summed up the basic principle behind the drive with liquids.

The project was designed to find the rate of diffusion of one liquid into another by the use of the refractive and reflective properties of light.

By observing certain changes in the index of refraction of a beam of monochromatic light while two liquids were diffusing, the rate of diffusion was calculated by the students.

Jim McDaniel and Virginia Maches collaborated on the construction of four solar cells with a kit received from the Bell Telephone company. After the construction was completed, the cells were tested for power output.

Letters

TO THE EDITOR:

As publicity chairman of the Westmoor High School P-T-A I would like to express my appreciation to The Post, to the editor and to your staff for your excellent news coverage of our unit's activities during the past year.

Thank you for printing my articles and keeping parents aware of the work the Parent-Teacher association is doing in our community.

Mrs. John Arnott
Publicity
Westmoor P-T-A

D.C. Youngster Struck by Car

A two-year-old Daly City youngster suffered cuts and bruises when he was struck by a car near his home about 2:30 Saturday afternoon.

Emund Hastings of 174 Evergreen avenue was treated at Alameda Emergency hospital in San Francisco and released. Police identified the driver of the car as Walter Reich, 30, of Fremont.

WINDOW SMASHED

The Westlake Market at 301 Miriam street reported to Daly City police over the weekend that vandals had broken two large plate glass windows.

Book Drive Organized

Those residents in the throes of spring cleaning now have a place to put those old, never-to-be-read again books. For the Judea Organization of Youth, Temple Judea's young people group, is having a book drive. Pocket-books and books with hardbound covers can be dropped off at Temple Judea, 95 South Mayfair avenue, any weekday from 9 a.m. to 5 p.m.

Those having a large amount of books, too heavy to carry, may call Steve Lerner of the youth group at PL 6-1848. Pick-up will be arranged.

Proceeds from the sale of these furnish a scholarship for a worthy young person.

Kindergarten Registration: A Reminder

Officials of the Jefferson Elementary School District issued a reminder today to parents of kindergarten age children that registration for school will be conducted next Wednesday.

Schools in the district will register the youngsters from 9 a.m. to 3 p.m. Children born on or before December 2, 1958, are eligible for enrollment.

Parents must bring birth or baptismal certificates, passports or affidavits at the time of enrollment. Hospital certificates, unless they are from a federal hospital, are not acceptable.

They Find It Warmer Here

COUNTRYMEN — Two Icelandic families living in Pacifica gather for a session with the cameraman. At right is the family of Stefan Stefannson. He's standing behind his wife, Stefann. Their children are Arnor, right, and Stefan Jr., seated in front of his mother. At left is the family of Eysteinn Thordarson. He's standing behind his wife, Dora. Their son, Gunnar, is seated on the floor at left. (Post-Times photo)

Icelanders Love Our California Living

By LOIS McNALLY
THE WINTER Olympics at Squaw Valley, the reputation of a coastside builder of Icelandic descent and an outdoor barbecue in Orinda have all played a part in bringing two Icelandic families to Pacifica.

Dora and Eysteinn Thordarson, once of Reykjavik, Iceland, now own one of the handsome new homes on Banyon way, overlooking Terra Nova valley. House guests with them from Reykjavik for six months are Mrs. Thordarson's sister Stefann; her husband, Stefan Stefannson and their sons, Arnor and Stefan Jr. The Thordarsons also have a son, Gunnar.

It was while competing on his country's Olympic ski team at Squaw Valley in 1960 that Thordarson decided to move his family to California.

San Francisco's reputation as a beautiful place to live had already reached Reykjavik, and the Thordarsons had been thinking of emigrating. But his trip here in 1960 really convinced him, Thordarson says.

The family lived for two years in the East Bay and then moved into their Pacifica home last August. Thordarson is a mechanical engineer employed by Raytheon, Incorporated, in South San Francisco.

Enthusiastic about California living, Mrs. Thordarson convinced her sister and brother-in-law to try it out. Stefannson is a bank trainee from the Bank of Iceland on a six-month training course with the Bank of America.

The Bank of Iceland customarily sends two of its employees each year abroad to study, but usually send them to European banks or to the East coast.

Stefannson is the first from

the Icelandic bank to come to California and to the Bank of America.

ICELAND is not really as cold as Americans think, the Thordarsons say. Though snow lasts from October to April, there may not be a great deal of it.

Iceland has a typical island climate with lots of wind, rain and temperatures ranging from about 40 degrees in the winter to 60 degrees in the summer.

Last year, an extremely cold one in Europe, was comparably warm in Iceland. Americans in Iceland are most impressed by the summer nights when the sun sets at midnight for only a few minutes, the couple says.

The Stefannsons, who have seen mostly rain since they came in February, have yet to be impressed with Bay Area climate.

But the opportunities for outdoor living are what really sold Mrs. Thordarson on California. Soon after they arrived here, they were invited by former Icelanders to an outdoor dinner and barbecue at their home in Orinda.

"This was wonderful, I enjoyed it so much," says Dora Thordarson.

Young Stefan has been attending the fourth grade at Ortega school since he arrived in February. Though he spoke no English at all in the beginning, his parents are pleased that he is picking it up quickly and can now make himself understood by his playmates.

Stefan complains that he has to stay in school too long (at home school sessions are for four to five hours a day, but Saturdays are included) and that Ortega has no swimming pool.

In Iceland, every child learns to swim by the age of 10 and every school has a heated swimming pool. The country has a number of hot springs, which supply water for the pools.

A SPORTS-MINDED FAMILY, the Icelandic men are particularly amused by their wives taking up bowling along with other Pacifica housewives at a local bowling center. All sports should be played outdoors in the fresh air, they think. There is no bowling in Iceland.

Thordarson gave up world competition skiing after Squaw Valley. He was a member of the Icelandic team in 1956 at the Olympic Games in Italy and used to go to Europe every year to compete and train in the Alps.

For this kind of competition, you have to spend too much time practicing and it becomes too expensive, he says.

However, four-year-old Gunnar is well on his way to becoming an Olympic skier. Gunnar started skiing a year ago and is quite expert and completely fearless speeding down the slopes with his parents, they say.

The Thordarsons spend their vacation time and several winter weekends skiing at Heavenly Valley near the south end of Lake Tahoe.

Generally, the Icelanders are impressed with the variety of packaged and fresh food available in local supermarkets, the open friendliness of Americans.

They are unimpressed with American television programs, heavy city traffic and freeway driving.

At home, all Icelandic teenagers are able to work during summer vacations — many of them employed packing fish in the canneries.

Young Adults Group Formed

Plans for the formation of a young adults' group in Daly City and Colma were announced last week by Junior Chamber of Commerce President Joseph Bavaresco.

The social group would be for single men and women between the ages of 19 and 30.

"There is a great need for a get-acquainted program for people in this age group," he said. "Most of them have to go to San Francisco for social activity."

Anyone interested in becoming a member of the group may obtain more information by calling Bavaresco at PL 5-2407 or JoJene Van Zandt at PL 6-5710.

Old Ironsides Depicted On Final Document Offer

The U.S.S. Constitution, "Old Ironsides," is the twelfth and final American Historical Document offered by The Post.

This drawing is reproduced in parchment, artificially aged to look and feel old. The Constitution, launched in 1797 has a fighting record that is unparalleled by any other single ship. She earned her nickname, "Old Ironsides," because although a wooden-hulled vessel, enemy cannonballs seemed to literally bounce off her instead of ripping into her sides.

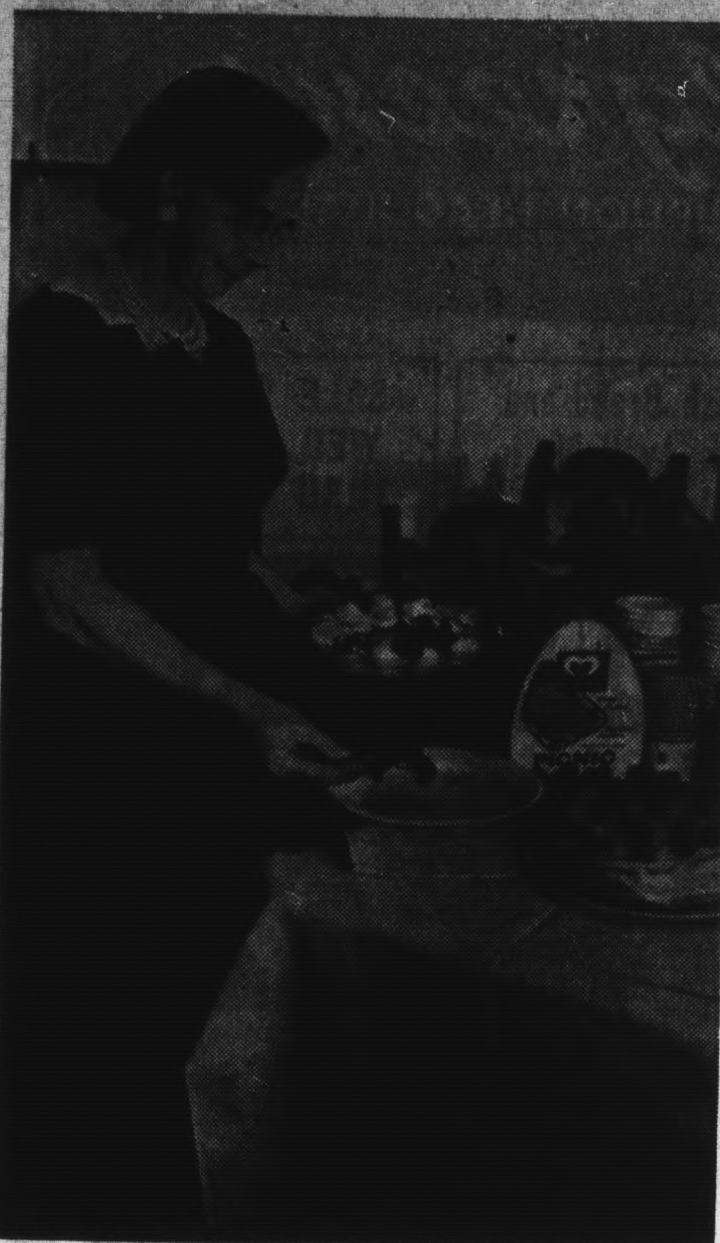

The complete set of 12 documents includes: Declaration of Independence, Bill of Rights, Gettysburg Address, Portraits of the Presidents, The Constitution, Star Spangled Banner, Prayers of Peter Marshall, History of the Flag, Penoyer and Kenneth Van Dyke.

Chess Club Team Goes to Quentin

The Daly City Chess club sent six members to San Quentin Saturday, according to President Richard Michalski.

Michalski said the club has five new members, who joined last month. They are Mike Lemke, Arland Stubbs, Frank Norton, Jim Penoyer and Kenneth Van Dyke.

A Fancy Spread

SMORGASBORD—Mrs. Margaret Becker works up some goodies in preparation for Daly City Colma Democratic Club's Smorgasbord at the Broadmoor Community Center Sunday May 26. Tickets have gone on sale and may be obtained by calling Vincent Canchi at PL 5-0399 or Ed Stoman at PL 6-8511, after 6 p.m. (Post-Times Photo)

FOR TEENAGERS

Pacifica Moves Toward Uniform Code on Behavior

Youth will have an opportunity to see if it can do a better job at turning the wheels of city government in Daly City next week during a "Youth in Government" program.

Eighteen students from Westmoor and Jefferson High schools will work with officials throughout next week and then assume their roles from 2 to 5 p.m. Monday, May 13, and at the city council meeting at 7:30 that night.

The program will begin this Monday when the participating students and the officials meet at a study session.

Co-ordinating chairmen of the program are Willis Hawley, assistant to the city manager, and Alan Boyd, supervisor of youth activities.

The chairmen will be assisted by Frank Kane, advisor at Jefferson High school, and Richard Hart and Hildgard Sidel, advisors at Westmoor High school.

Westmoor students taking the place of city officials are: Mark Clark and Gloria Moore, councilmen; Paula Hirschberg, city clerk; Jack Petranker, treasurer; John Cummings, city manager; Tony Thomas, finance director; Tito Torres, fire chief, and Charlotte Corvo, city librarian.

Jefferson students who will take the place of officials are: Bob Dumont, Toni Matteucci and Ray Archuleta, councilmen; William Willoughby, city engineer; Evelyn Morabe, personnel director; Sieglinde Carstens, building inspector; Rey Obligation, police chief; Margaret Jimenez, recreation director, and Veronica Pack, planning technician.

The five councilmen, the city clerk and the city treasurer are elected by students in civic classes or student government programs.

All other positions will be filled by appointment by the faculty of both schools.

Throughout the week, students will attend or participate in operation of departments as assigned by department heads.

A student will attend commission meetings or observe specific operation and functioning of his assigned department, Boyd said. "This year's program will be different than those that have been held in the past. The students will actually take part and work with the official."

"If the city engineer has to go out to inspect a water line or something," he added, "the student who is taking his job will go along with him."

The students will attend a luncheon at Val's restaurant Monday, May 13, at 12:30 p.m. and then assume their official roles. The program will end after the city council meeting.

Youth Rally To Be Held

Saturday evening will be "President's Night" at the San Francisco Youth rally for Christ in the War Memorial auditorium, McAllister street and Van Ness avenue.

Special guest will be Dr. Kelly Bihl, newly elected president of Youth for Christ International.

Dr. Bihl began his work with Youth for Christ in 1949 in Toledo, Ohio. For the past eight years, he has been vice president of national development.

The rally will begin at 7:30 p.m.

District Shuffles Pupils

The Jefferson Elementary School district has announced tentative plans for the movement of students within the district.

The movement of children reflects changing populations in the school district. Some schools can't accommodate all the children at one particular time, while other schools have room to absorb them.

The district tries to work out a schedule that is most convenient to the student, parent and district.

Superintendent of Schools Richard Foster has invited comments from all interested persons on this schedule:

Abraham Lincoln will receive from Thomas Edison one first grade, two second grades of walking children in the area of Westlake Heights and one third grade class, which was housed at Lincoln last year.

Lincoln will send to Christopher Columbus one double kindergarten, one class of first grade children from west of Skyline and 58 sixth grade students being housed at Columbus this year.

Ben Franklin will have no change.

Upper Colma will receive 31 third grade class of 31 students fourth grade students, 70 fifth grade students and 93 sixth grade students.

Christopher Columbus will receive from Abraham Lincoln one double kindergarten, 87 first grade children, and 58 sixth grade pupils who were housed at Columbus this year. The school will keep 28 sixth grade children from the Westlake Terrace area who were housed at Columbus this year.

Crocker school will send 58 sixth grade pupils to George Washington.

Daniel Webster will receive 32 fourth grade students from Woodrow Wilson and 25 fifth grade students who were housed at Webster this year.

Fernando Rivera will receive 31 students from Woodrow Wilson and 66 fifth grade and 51 sixth grade students who were sent to Rivera this year.

Franklin D. Roosevelt will send 28 sixth grade students to Columbus.

Garden Village will have no change.

General Pershing will send one grade at Westlake.

George Washington will receive 31 third grade children from General Pershing, 50 fifth grade and 42 sixth grade children from Vista Grande and 58 sixth grade children from Crocker school.

Jefferson will receive from Woodrow Wilson 12 fifth grade students and 21 sixth grade students.

M. Pauline Brown will receive a new hard of hearing class.

Olympia will have no change.

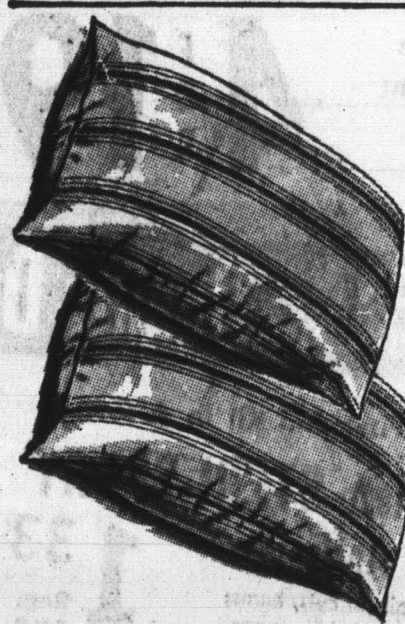

Thomas Edison will send to Abraham Lincoln one first grade class, two second grade classes of walking students who live in Westlake Heights, Westmoor and Southeast of Skyline and one third grade class presently housed there in the second grade.

Vista Grande will send to George Washington 50 fifth grade and 42 sixth grade students.

Vista Mar will keep sixth grade students.

Westlake will receive from Woodrow Wilson 31 fourth grade students and 27 sixth grade students presently housed in the fifth grade at Westlake.

Variety Store Opening Readied

DAN FORNEY
Store Manager

The North County's newest variety store, a Ben Franklin outlet in the St. Francis Square shopping center, will formally open tomorrow for business in colorful ceremonies scheduled to begin at 10 a.m.

A large number of special merchandise values have been purchased for the opening, according to Dan Forney, who will manage the new operation.

Forney received a degree in business administration from De Pauw university in Greencastle, Ind.

He served later as a finance officer in the U. S. Air Force.

Training Program

For the past two years, he has been in the life insurance business. Recently, he completed a training program in various Bay Area stores of the Ben Franklin company. He plans to marry Joni Brontsen August 2.

The new store will be completely self service, according to company officials.

The outlet will become one of more than 2400 independent Ben Franklin businesses that work cooperatively with Butler Brothers, a nationwide merchandising organization.

Studies Made

The interior and exterior of the building were planned by Butler Brothers on the basis of scientific studies of variety merchandise displays, customer buying habits and trends in retailing, according to company officials.

Opening ceremonies will feature a skydiving performance. City officials, led by Mayor Joseph Verducci, will participate in the program.

No. County Street Work Is Approved

Construction contracts for two North County street improvement projects were approved last week by the county board of supervisors.

Contract for widening of Alida street near South San Francisco was won by the Bragato Paving company on a low bid of \$32,682.

Contract for improvements to Hill street near Daly City was awarded to the Peninsula Paving company on a low bid of \$18,352.

There were no protests, despite the fact that the assessment districts for each were proposed and established by the board itself. The county is contributing money to both projects.

County Engineer Don S. Wilson said both winning bids were favorable. It will be possible, he said, to reduce assessments in the Alida district. Wilson said that, although no reductions can be made in the Hill project, there may be some money left over when the project is completed.

"We must think in terms of holding the present level of enrollment in the university and the state colleges for the next 13 years, with these institutions doing the lower division pilot programs in every academic and pre-professional field but concentrating their greatest efforts on the upper division and graduate programs which they are so eminently qualified to do."

Just in time for vacation fun...

Skydiver

THE BIG LEAP

One of the most daring exhibitions man can undertake, falling free in an unopened parachute for hundreds of feet, will highlight grand opening ceremonies at 11 a.m. Saturday for the new Ben Franklin Variety store in the St. Francis Square Shopping center.

Kaz Ostrom, pictured above, known as the Viking of the Sky, will leap into space from an airplane flying at 10,000 feet.

On the way down while keeping his parachute unopened, he'll perform aerial acrobatics and light color smoke flares. After opening his chute, he'll land in a pre-designated target on the shopping center grounds.

In his jump, he will fall free for about a mile and a half before opening his specially modified chute that allows him to actually "steer" his way down to within 10 feet of his landing point.

The daredevil is 25 years old and has been jumping professionally for seven years.

He began while a member of a U. S. Army airborne drill team and after his discharge, continued jumping for his own pleasure.

Tentative Accord Reached On Pacifica Planning Aide

Tentative agreement to retain a planning technician to relieve administrative assistant Mel Davis for other duties has been reached at a joint study meeting of Pacifica councilmen and planning commissioners.

The plan for a planning technician was one of four alternate proposals presented by City Manager Karl A. Baldwin.

Baldwin said the city could continue its present setup under which Davis takes care of most routine planning matters at an estimated annual cost of \$38,908.

The hiring of a technician to relieve Davis for financial planning and personnel matters, he said, would cost an estimated \$48,000 annually.

The fourth plan proposed by the city manager would be to retain a finance officer so Davis could spend 50 per cent of his time planning and 50 per cent on administration and personnel matters at a yearly cost of \$59,211.

Although it was not unanimously agreed that a planning technician should be hired, the council instructed Baldwin to incorporate this proposal into their budget studies to give them a complete financial picture.

A Directory of Coast Business Due in 2 Weeks

A business directory for Pacifica will be available soon, according to Basil Gladieux, chamber of commerce manager.

The directory, which has more than 275 entries, is being printed. The 40-page publication will list all Pacifica doctors, dentists, lawyers, schools, churches and nearly all local businesses. Emergency and city telephone numbers also will be listed for the benefit of residents.

The chamber plans to deliver the directory to every home in Pacifica and keep an extra supply kept on hand for new residents moving into the city.

Pacifica merchants have indicated they have high hopes the directory will give a boost to home town purchasing.

Pacifica Boys Flee Glenwood

For some reason authorities do not know, Pacifica boys are not taking kindly these days to the program at Glenwood Boys ranch near La Honda.

Superintendent Robert McMillan said three Pacifica boys ran away on two days last week. They are the first runaways since January.

A 16-year-old boy held for robbery took off Monday. McMillan said two 15-year-olds, one held for running away from home and the other for car theft, were found missing at the 9 o'clock bed check. They had been present for the 8 o'clock check.

MICHAEL PRYSHEPA, son of Mr. and Mrs. Jack Pryshepa of 449 San Bruno avenue, Brisbane, has graduated from the navy's 18-week aviation ordnance school in Jacksonville, Fla. He graduated from Jefferson High school in June of 1962.

Six Nominated To Coast Board

Six businessmen have been nominated to the board of directors of the Pacifica Chamber of Commerce.

Three will be elected at a meeting of the chamber at the Sea Bowl at noon, May 9. Other nominations may be made before the election.

These men have been nominated: Mario Torrigino, Coast-side Scavenger company; Ed Cordero, Cuyler Chevrolet; Stan Farber, Farber's Pharmacy; Ken Hay, contractor; Ansel Minshew, Park Variety and Lyle Planje, Wells Fargo Bank.

TIRE TAKEN
James Bride, 227 Peoria street, reported to Daly City police last week that thieves had taken a spare tire from the trunk of his car, parked in front of his home.

50 Physicians Join CD Program

Some 50 North county physicians who volunteered through the County Medical Society to serve on the basic faculty of the area's medical self-help program have completed their indoctrination courses and are now ready to begin training qualified instructors.

These instructors, trained by the physicians, will teach public classes beginning in September.

Dr. Gerard F. Jegge, chairman of the disaster committee of the county medical society, has organized the volunteer physicians into teaching teams for the north, central, and south county.

The North county men are: Alvin S. Natanson, Samuel R. Leavitt, Norman E. Green, Moreton J. Thorpe, Eldred W. Barnes, Landon H. Bachman, Edgar De Mar, Donald Odome, Edward F. Gorin, William W. Anderson, Henry S. Richanbach, William L. Schwartz, Robert A. Skankey and Wade Macomber.

George W. Phummer, Herbert Zimmerman, Frank J. Curran, Jerome H. Diamond, Emanuel Friedman, Raymond R. Kaufman, Wesley Walters, Richard A. Westsmith, Richard C. Thompson, Robert O. Holmes, Maurice R. Lake and John T. Sady.

George Kammerer, Walter Gaines, Edwin Owyang, Ariah Schwartz, Harry J. Buncke, Robert J. Dashbach, William Logan, Virginia Shalrock, John M. Gould, Arnold P. Drucker, Wayne Garrett, Howard Rosenthal, John D. McKean, Richard Frohman, Jack E. Kahoun, Dana S. Newton, Stanley Hanfling, Arnold J. Breit, William E. Jordan, Alex Weisskopf, Peter Packard, Craig Miller, Wanda Neely.

Instructors to be trained by these physicians are volunteers from all the allied health professions, school teachers, and trained first aid workers.

Most are volunteering through their professional associations. Others wishing to volunteer their services should contact United Voluntary Services, 218 Tilton avenue, San Mateo, who are coordinating the activities of the volunteer instructors with the county medical society.

Eureka Lemon Tree Is Plant of Week

A Eureka lemon tree, the common lemon of commercial groves is The Times Plant of the Week. Growing in the patio of the M. Delgado, 620 Birch avenue, San Mateo, this tree has produced a lemon 15 inches in circumference, almost twice that of the normal commercial fruit.

Normally this Eureka variety of lemon does not produce such over-size fruit and there is no good explanation why it happens. Usually these abnormally large fruits are quite pithy and devoid of juice. The Delgado lemon was such a wonderful conversation piece that we couldn't ask her to cut it and so find out if her big elmon ran true to form by being juiceless.

The Delgado tree is a fine example of what can be done with a little ingenuity. The patio area, where this lemon tree is growing and producing fine edible fruit throughout the year as a well grown Eureka lemon tree should, is paved with cement squares. One two-foot square of cement was removed and the tree set in the opening some years ago. (The Delgados have lived at this address for eight years and the tree was established when they moved there.) Twice each year they given the tree a husky handful of blood meal and they water it by letting the hose drip inside the square for a long time to be sure the soil is soaked the full root depth. Their reward is a constant supply of fine lemons.

Just before our picture was taken Mrs. Delgado pruned the eight foot tree, reducing its height to six feet. With this lemon this pruning job could be an annual affair. Better than this once a year heavy cutting would be pinching out the new tip growth in the spring.

SO BIG! SAYS 4½ year old Robert Delgado the Week tree in the patio of his home at 620 Birch avenue, San Mateo.

Lawn Hints Offered

By IVA NEWMAN

Lawns, after the unusually long period of spring rain, looked wonderful until they were cut. The color was a deep, bright green and the surface looked smooth.

After mowing, the green color took on a definite yellow tone due to the tall blades shading the lower portion of the plants. On well-fed lawns this yellow-green up in a very few days but on an undernourished lawn only a small part of the yellow can be blamed on the length of the uncut grass as the major portion is due to insufficient nitrogen in the soil. The starved grasses will retain their yellow coloring until they are adequately fed.

One of the most aggravating problems to develop over the winter months is an uneven surface. When the surface is uneven the mower leaves some grass blades too long but more important, it scalps the high portions leaving bare soil as an invitation to weeds.

Spring, while outside edge of the area to be lifted. Never lift the turf by depth is the best time to correct this problem. In the East and Middle West much of the uneven surface is due to movements of the soil following frost and snow and only a small portion is caused by rain. These movements heaves the soil pulling the hair-like roots of the grasses out of contact with the soil and leaving an air pocket under them, so home owners are advised to roll the surface to force the roots back in contact with the soil.

No Rolling
This may work in the deep cold areas of the country but here on the Peninsula, as well as other parts of California, a major problem is NEVER ROLL - AN ESTABLISHED LAWN TO LEVEL IT. There are two ways to level an uneven lawn surface in our area. The first consists of sprinkling a well prepared soil mix over the low spots after each mowing until the spot is level with the surrounding area. This method takes patience as no more than a quarter inch of soil can be spread at a time or the grass plants will be smothered. We have found the best way to level some of these spots is to lift the turf and put the required amount of soil under the low areas and remove the excess soil from the high areas. It is particularly expedient to do this if the low spots have developed around a sprinkler head that cannot be lowered as the mower strikes the metal heads and mower blades are frequently nicked.

Use the top-dressing method if depressions are not too deep but if more than two or three applications are necessary use the second method. When lifting turf use a straight edge to mark the

LEGAL NOTICE

NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that the Board of Trustees of the JEFFERSON ELEMENTARY SCHOOL DISTRICT will receive bids for the following supplies:
1. Art
2. Educational
3. Health
4. Janitorial
5. Miscellaneous
6. Music
7. Physical Education
Each bid shall be made out on a form to be obtained at the office of the school district and shall be accompanied by a certified or cashier's check, or a bid bond for at least ten (10) per cent of the amount of the bid, made payable to the order of the JEFFERSON ELEMENTARY SCHOOL DISTRICT, Daly City, San Mateo County, California; shall be sealed and filed with the Board of Trustees of the JEFFERSON ELEMENTARY SCHOOL DISTRICT, 101 Lincoln Ave., Daly City, San Mateo County, on or before 10:30 A.M., MAY 21, 1963, when it will be opened and publicly read aloud.
The above mentioned check or bond shall be given as a guarantee that the Bidder will enter into a contract, if awarded to him, and will be declared forfeited, if the successful bidder refuses to enter into said contract.
The right to reject any and all bids or waive any informality in the bid is reserved.
No bidder may withdraw his bid for a period of 30 days after the date set for the opening thereof.
Dated: APRIL 15, 1963.
BOARD OF TRUSTEES
JEFFERSON ELEMENTARY SCHOOL DISTRICT, DALY CITY, SAN MATEO COUNTY, CALIFORNIA
To be published in SAN MATEO POST at San Mateo, California, Wednesday, April 24, May 1, 1963. (P-45)

LEGAL NOTICE

NOTICE TO CONTRACTORS

1. NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of San Mateo, State of California, will receive sealed bids for the furnishing of all labor, materials, transportation and services required for the construction of Entrance Marquees and Rest Room Building and Utilities at San Mateo County Fair Grounds, 2495 South Delaware Street, San Mateo, for the County of San Mateo, State of California.
2. Each bid shall be in accordance with drawings, specifications, and contract documents prepared therefor now on file with the Purchasing Agent, County of San Mateo, Courthouse, Redwood City, California.
3. Drawings, specifications, and contract documents may be examined and copies obtained at the office of the County Purchasing Agent, Redwood City, California, upon deposit of a certified check, which deposits will be forfeited if the Contractor fails to return the drawings and specifications in good condition within ten (10) days of the bid opening date.
4. A complete set of drawings, specifications and contract documents may be examined at the Office of the San Mateo County Director of Building Construction, Hall of Justice and Records, Redwood City, California.
5. Bidders are responsible to see that they obtain a complete set of plans, specifications and contract documents covering the work upon which they submit a bid.
6. Bids shall be submitted upon proposal forms furnished and bound in the specifications and in accordance with regulations, as set forth in the General Conditions, and shall be accompanied by a certified or cashier's check or bid bond for 10% of the amount of the bid as noted in said General Conditions.
7. Bids shall be filed with the Clerk of the Board of Supervisors of the County of San Mateo at the Hall of Justice and Records, Redwood City, California, on or before the 7th day of MAY, 1963, at 10:00 A.M., and will be opened in public in the Chambers of said Board of Supervisors at or about 10:00 A.M. of that day in said Hall of Justice and Records.
8. The Board of Supervisors of the County of San Mateo, State of California, reserves the right to reject any and all bids, alternate bids, or unit prices, and/or waive any irregularities in any bid received.
9. No bidder may withdraw his bid for a period of thirty days after the date set for the opening thereof.
10. Bidders are hereby notified that pursuant to the Statutes of the State of California, or local law thereto applicable, the Board of Supervisors has ascertained the general prevailing rate of per diem wages and rates for legal holidays and overtime work in the locality in which this work is being performed, for each craft or type of workman or mechanic needed to execute this contract which will be awarded the successful bidder.
11. It shall be mandatory upon the Contractor, and upon any subcontractors under him, to pay not less than the said specific rates to all laborers, workmen or mechanics employed by them in the execution of the Contract.
12. The prevailing rates to be determined are as follows and are based on an 8 hour day, 40 hour week, except as otherwise noted:
Existing agreements between the Building Trades and the Construction Industry groups relative to overtime, holidays and other special provisions shall be recognized.
LOCAL LABOR:
13. It is the policy of the Owner that Contractors on public projects employ their workmen and craftsmen from the local labor market whenever possible. Consistent with that policy the Contractor is requested to employ his craftsmen and other workers from the local labor market whenever possible to do so. "Local Labor Market" within the meaning of this section is defined as the labor market within the geographical confines of the County of San Mateo, State of California.
WAGE RATES:
14. The Board of Supervisors has determined the rate of prevailing wages in the locality in which the work is to be performed for each craft or type of workman or mechanic needed to perform the contract. Said prevailing rates are set forth below:

PER HOUR	
CRAFT	
Bricklayers	\$4.65
Carpenter	4.10
Cement Mason	4.00
Electrical Worker	4.50
Trenching Machine	4.34
Iron Workers - Reinforcing Steel	4.50
Laborers (Group 3)	3.325
Painters (7 hours)	4.67
Plumbers	4.465
Roofers	4.10
Sheet Metal Workers	4.50
Teamsters	
Dump Trucks	
Under 4 yards (water level)	3.525
4 Yards and under 6 yards (water level)	2.60
Pick-ups carrying under 1,000 lbs.	3.525
Helpers Warehousemen - Teamsters	3.525
ANY WAGE RATE NOT LISTED IN HERE FOR ANY OTHER BUILDING CRAFT, SAN MATEO COUNTY WAGE RATES WILL APPLY.	

A bond will be required for the faithful performance of the contract in amount of not less than One Hundred Per Cent (100%) of the amount of the bid, and a bond will be required to guarantee the payment of wages for services engaged and all bids contracted for materials used in the performance of the contract in an amount of not less than One Hundred Per Cent (100%) of the bid.

BOARD OF SUPERVISORS, County of San Mateo, State of California, B. SMITH, Purchasing Agent.

To be published in SAN MATEO POST at San Mateo, California, Wednesday, April 24, May 1, 1963. (P-45)

Bright Lights

by Lloyd Johnson

Uncle John's Pancakes Nationwide Reputation

One of the most important names on the Peninsula pancake scene is Uncle John's, a name that is well known the country over—with franchises established in nearly 50 important localities. To my knowledge, Uncle John's made its local debut with a complete selection of pancakes and waffles. Then to meet public demand, sandwiches (a wide variety), omelettes, breakfast cereals, side orders of ham, bacon, and sausage, fruits, juices and preserves were added to the menu.

Uncle John's is also a great place to take the kiddies. Plus a special menu for the little ones, there are badges, balloons and pin ups that are gifts on special occasions. Ideal site for Junior's surprise birthday party.

Marle and Frankie Mulcrey, co-owners of Uncle John's, along with Jack Holder, at 1301 El Camino Real in Millbrae, first opened at this address some five years ago. Since then, Mr. Holder has added to his chain—1800 El Camino Real in Santa Clara; 1415 South First Street, San Jose, and the most recent Uncle John's opened last week at 3150 El Camino Real in Palo Alto.

Whether your preference is breakfast, lunch or dinner, you are sure to find appetite satisfaction at Uncle John's Pancake House.

Joyce Groh Baseball Fan

When it's time for the "Sweetheart of the Giants" title to be bestowed upon a Peninsula lovely, Joyce Groh, attractive member of Ed Sullivan's Hyatt House staff, is my nomination. Joyce keeps in touch with day scores, via the radio, and never misses a night game.

Luz Garcia's new Sinaloa policy of "No cover charge for those dining during the floor show" has proved a big dining room boom. Service from 6 p.m. to the 2 a.m. curfew.

Must try the Seafoodorama Buffet at the Millbrae Thunderbird Hotel, tonight. Have heard many fine comments from those who have tried it. The Thunderbird also offers exceptional banquet and party facilities. 24-hour coffee shop.

Barney O'Malia's new second floor bar and cocktail lounge at his popular Lake Tahoe (South Shore), Nevada Barney's Casino is now open to the public. A second restaurant will be ready for the summer rush.

The sparkling, bright decor of Pancho's Mexican restaurant in Redwood City gives it a festive feeling—making a party-like atmosphere for entertaining friends (at a very reasonable cost).

Romano's Theme

"Pizza king" Enrico Romano has blue prints galore for his colorful Pacifica restaurant. Plans are to install two pizza ovens and increase the kitchen to twice its size. By the time Enrico gets through "swinging" in the dining room and cocktail lounge, you'll think you're dining in Naples.

Dancing, entertainment, beer, wine, champagne, plus a wide selection of pizza is your Gaudie's Pizza treat. This is one of the liveliest spots in town and a ton of fun any night of the week.

Keith Williamson's new Family Style Dining Room got off to a full house opening, last weekend. In fact, the chicken demand was so great that Keith had to make a hasty trip to Petaluma to restock his supply.

Patricia, my girl Thursday, reports that her Wednesday eve dinner date at the Brentwood Lodge was "just divine" and what a wonderful setting for a wedding reception (attention, bachelors).

Happy to say that Benjamin Franklin Hotel manager Raymond Cook reported the dentures that were left behind by a recent hotel guest have been claimed.

George Mardikian's Omar Khayyam's restaurant is a favorite dining site for visiting Hollywood celebs and dignitaries.

Frank Schy Explains Restaurant Operation

Received an interesting letter from my good friend Frank Schy, a Peninsula Mexican food pioneer, and would like to pass it along to you.

"Horky and I love good food and believe the preparation and serving of same is an art—a proudfest occupation. We know that food, to be good, has to be prepared with care, with patience and with quality ingredients. True Mexican foods are good, and good for you. Subtly flavored, combined for nutritional balance, color, texture and contrast.

"One can no more call the harsh fiery and indigestibles, that often pass for Mexican food in the United States, authentic examples of that country's best, than you can say quality Cantonese cookery is represented by chop-suey in the average Chinese restaurant.

"Horky's restaurants are dedicated to serving Mexican food as it should be served—as it is eaten by the patricians and wealthy estancia owners. We spend more for our ingredients Horky's—take more time to prepare them. To do less, we would be doubly dishonest—to ourselves as well as to our guests.

"Dining at Horky's is an epicurean experience and one that you will tell your friends about. We'd like to have folks depend on us for "take-out" foods for parties, buffets and barbecues. Satisfaction is our constant endeavor."

Luncheons and dinners at Horky's, during the past four years, have been a dining out joy for this "Bright Lighter." I'm still a once-a-week "Sampler Platter" steady. There are two Horky's restaurants—Belmont and Palo Alto.

Baked Stuffed Zucchini

3

Wash, and cook unpeeled 2 medium-sized zucchini 10 minutes in small amount of boiling salted water. Drain, cut in half lengthwise. Scoop out pulp; chop. Cook 1 clove minced garlic in 2 TBS butter for a few seconds. Stir in chopped pulp, 2 cups bread cubes, 1/2 tsp oregano, salt and pepper. Stuff zucchini with mixture; put in greased baking dish. Bake in 350° oven 20 minutes. Serves 4.
